

SOO LINE MEN TO WALK OUT ON NOVEMBER 3

UNCLE SAM MIGHT SEIZE THE ROADS

Grand Chief Stone Suggests That as Only Way to Stop Strike

Cleveland, O., Oct. 18.—The railway brotherhood chiefs today were unexpectedly summoned to a conference with the railroad labor board in Chicago on Thursday.

Warren Stone, grand chief of the Brotherhood of Locomotive Engineers, intimated that the "war council" scheduled to be held here tomorrow to complete plans for a nation-wide transportation strike was indefinitely postponed. Stone said that he had received a telegram from Chicago, requesting his presence there, and he and W. G. Lee, president of the Brotherhood of Railway Trainmen, would leave for that city soon. In addition to making this announcement, Stone today repeated and made more specific his charge that the rail executives are trying to force a strike to further a general move for the "open shop."

See Date Is Set

Cleveland, October 18.—The Soo line is included in group No. 3 of railways, on which the men are to strike at 6 o'clock on the morning of Thursday, November 3.

Why Not Take 'Em?

Seizure of the railroads by the United States government was regarded by the brotherhood chiefs today as the only means of averting a nation-wide transportation tie-up.

Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, voiced this opinion when he said: "The railroad executives can settle the dispute or the government can prevent a strike. The executives won't talk over the situation and we gave them our final word at the Chicago conference. Taking over of the railroads by the government, therefore, appears to be the only way to prevent the strike, scheduled to begin October 30."

At the meeting of the five principal union heads here tomorrow, called primarily to plan the conduct of the general strike, it was intimated that the possibility of intervention by Washington would be the principal subject discussed. In addition to Stone, those who will attend the conference are: W. G. Lee, president of the Brotherhood of Railway Trainmen; L. E. Shepard, president of the Order of Railway Conductors; W. S. Carter, president of the Locomotive Engineers and Firemen; and P. C. Cashen, president of the Switchmen's Union of North America.

Do They Want Strike?

In further discussing possible government intervention, Stone said: "Taking over of the railroads is what it must come to eventually." At the same time, Stone made the charge that the executives "really want a strike" and intimated that the present situation is a part of the open shop fight. "If it had been only a question of wage reduction, there would have been no strike," he said. "I have some 75 to 100 letters giving instances of disputes caused by breaking of working rules obtained by arbitration, by decision of the rail labor board, and by other means."

Watching Washington

The union leaders, according to Stone, are keeping their eyes on Washington. "The people in the capital recall the great outcry against President Wilson's interference when he stepped into the rail situation and the politicians are studying the possible reaction before they make a definite move on the present crisis," Stone said.

Won't Run Mail Trains

Both Stone and Lee discussed the possibility of the government attempting to run mail trains in the event the 2,000,000 railway men and allied employees walk out.

"No exception will be made any class," Lee said. "Any talk of a skeleton service being permitted is base talk. We will make no distinction between freight and mail trains." Stone added that he never heard that "there is no postage in the United States yet, though it may come to that."

In the meantime dissemination of the present strike call was continued. Brotherhood officers here believed

Harding Decides U. S. Rail Board Must Be Obedied

Washington, D. C., Oct. 18.—President Harding, as a means of preventing the threatened rail strike, decided that railroad brotherhoods and rail executives must be forced to obey the decision of the rail labor board, it was stated at the White House today.

The president, it was stated, was ready for a showdown as to whether the board is a useless agency or whether its orders are to be obeyed.

ULSTER AGAIN ARMING

Government of Province Again Drilling Volunteers

Belfast, Ireland, Oct. 18.—The Ulster volunteers are to be armed and mobilized. This drastic step, which threatened to have such a serious consequence in 1914, and which constitutes an open challenge to Sinn Fein, has been decided upon by the Belfast government.

It was announced today, because of the British failure to prevent the Irish Republican troops drilling.

The state is now threatened with a civil war on the largest scale Ireland has ever known, should a break in negotiations cause fighting between the north and south to begin.

Shooting continued throughout the night, and as a result of the riot, action forbidding the assembling of more than three persons was again enforced today.

PLEADS NOT GUILTY

A. Roe, Town of Linnwood, Arraigned in County Court

A. Roe, town of Linnwood, whose farm home was raided Saturday afternoon and a quantity of alleged moonshine, mash and other ingredients said to be used in the manufacture of moonshine seized, appeared in Judge W. F. Owen's court Monday afternoon. He pleaded not guilty to a charge of having in his possession and under his control intoxicating liquor and mash from which intoxicating liquor is made. The trial was set for October 24 in county court and Mr. Roe released on bail of \$500.

FRACTURES HIP IN FALL HOSPITAL PATIENT

Mrs. H. Cashman is a patient at St. Michael's hospital, having suffered a fractured hip in a fall at her home Saturday. Her condition today was reported as being favorable.

This work would be completed sometime today.

Want Quick Decision
Union leaders believe their strength is so great that by a quick move they can paralyze national industry, force a quick decision in their favor and save the country from a real disaster.

Past Examples

One past factor that created some pessimism about union headquarters was the example of the British rail strike, when an even more closely organized membership failed, because of pressing public opinion, but this incident was balanced against the last threatened American railroad strike, the mere threat of a tie-up at that time winning union demands without having forced the issue.

Board Ignored

In a formal statement Stone outlined the position of the union men as follows: "When the transportation act of 1920 became a law, it was hoped by employees that all disputes would be adjusted and decision rendered by the board would be complied with by the carriers and employees. Instead of complying with the decision of the labor board, the railroads soon began to disregard or flout its decision."

Army May Run Roads

San Antonio, Tex., Oct. 18.—A survey of all the men in the Eighth army corps area, who have had experience in the operation or construction of railroads, was to be made today by officers following orders received by Major General John L. Lines. Area commander officers take the survey to mean that, if the rail strike of October 30 becomes effective, the army might be called on to operate the railroads.

COMPLAINT IN FORFEITURE AT CHIPPEWA

Morgan Files Reason for Asking Hotel Won by Voyer et al Be Seized

Madison, Oct. 18.—Attorney General W. J. Morgan filed in circuit court at Chippewa Falls today, his complaint of record in the state's action for forfeiture of the hotel property in that city, raffled by the Elks of Chippewa Falls, in violation of the Wisconsin lottery laws.

In the complaint entered by Morgan, he charged that the Chippewa Falls lodge No. 1326, B. P. O. E., "set up and conducted a lottery for the disposition of the Hotel Northern, in violation of state law."

Morgan demands the forfeiture of the property to the state.

VALENTIA PROMOTERS MUST SERVE TERMS

After Seven Years Sentence of Speculators Is Affirmed

Madison, Oct. 18.—After waiting nearly four years to learn the fate of their fight for freedom, Marcus A. See and Charles F. Christenson, promoters of the Old Valencian Condensed Milk company, whose smashup in Madison created a scandal, had their last hopes shattered when the supreme court affirmed the sentence imposed upon them by Judge K. M. Landis on November 30, 1917.

See has to serve three years in Leavenworth prison and Christenson goes to the Milwaukee House of Correction for six months. F. L. Eason, who was the third of the trio convicted for using the mails to defraud, escaped penalty imposed by his act. He met his death in an automobile accident in Beloit.

Christenson lives in Chicago now, but where See is, federal authorities do not know.

The Valencian Milk company went broke in 1914, and out of bankruptcy proceedings resulted an inquiry and arrest of See, Eason and Christenson.

GERMAN STATESMAN IS NEAR TO DEATH

Fired on By Unknown Enemies, Scheidemann Is Not Injured

Berlin, Germany, Oct. 18.—An unsuccessful attempt to assassinate Philip Scheidemann, leader of the German majority socialists, was made today during a meeting at Luderscheid. Shots were fired at the former provisional chancellor who escaped without injury.

WISCONSIN FARMERS PUT UP \$750,000

And Get Stock That Is Worth Nothing, Morgan Informs

Blaine

Madison, Wis., Oct. 18.—In a communication to Governor John J. Blaine today, Attorney General Wm. J. Morgan asked for authority to investigate the alleged sale of co-operative stock in Wisconsin by the Wisconsin Co-operative society. He declared in his letter he believed these companies have been circumventing the law and that possibly \$750,000 worth of these securities have been floated among Wisconsin farmers.

Ceilings that have been smoked by an oil lamp can be cleaned by washing with water in which soda has been dissolved.

WANTED—A MAHOUT

FRENCH STATESMEN AGAINST DISARMING

Says the United States Proposes It for Own Purposes but Won't Succeed

Paris, France, Oct. 18.—The United States is suffocated beneath the weight of her own goal, Deputy Margaine declared in the chamber today, launching a verbal attack on the limitation of armament conference.

Margaine declared the scope of the Washington conference was gradually shrinking. "There is no question now of general disarmament. The United States, suffocating beneath the weight of her own goal, is seeking much and working on the far east, where it is meeting Japanese competition and colliding with the Anglo-Japanese alliance," he cried.

He charged that the situation in far east was the real reason why America had called a conference to discuss "limitation of armament and Pacific questions."

TO MANAGE KAUFMAN'S

Roger O. Emmons Accepts Position With Appleton Store

Roger O. Emmons has accepted the management of Kaufman's at Appleton, a ladies' ready-to-wear establishment, and will begin his new duties there within a few days. Mrs. Emmons will accompany him to Appleton, where they will reside.

Mr. Emmons has been a member of the Citizens National bank staff here for five or six years and has resigned as second assistant cashier, completing his work with the bank last Saturday.

BELOIT COUNCIL WON'T GIVE OUTSIDER CONTRACT

Beloit, Wis., Oct. 18.—Forbidden by state laws to grant a contract for public works to any but the lowest bidder, the city council last night rejected the bid of Robert Nelson of Racine for construction here. The council desired to keep the contract in Beloit, to give work to its jobless.

Wife Of Ex-Service Man Sells Tickets For Military Ball

Mrs. Felix V. Kluck, Jefferson street, wife of an ex-service man, has sold the most tickets to date for the military ball on October 28 on the occasion of the armory-stock sales pavilion opening. Another saleslady for the ball is Miss Leona Geisler, clerk in the State Normal school office.

The Chamber of Commerce, which is conducting the ticket selling campaign wants other local girls or women to take part and assist the boys of Battery B in disposing of tickets. The one reporting the largest sale by October 23 will be entitled to lead the grand march with either Governor Blaine or Adjutant General Holway if she desires to do so.

BEGIN WORK NEXT WEEK IF BOND PLAN CARRIES

Immel Company Prepares to Start Construction Work on Tuesday, Oct. 25

The Immel Construction company of Fond du Lac, successful contractor for the new hotel job in Stevens Point, will begin actual construction work on Tuesday morning of next week providing stockholders on Monday evening ratify the plan of the board of directors to issue bonds for money still needed to carry out the project.

Representatives of the Immel company will be in Stevens Point this week completing preliminary arrangements relative to going forward with the work. Nothing will prevent building work beginning next week if the stockholders ratify the bonding plan, and no opposition to the plan is anticipated.

JUDGE CANNOT COLLECT SALARY WHEN REMOVED

Madison, Oct. 18.—Former County Judge J. M. Becker of Green county, who was convicted during the war under the espionage act, lost his suit for salary during the time he was suspended from the office, in a decision by the Wisconsin supreme court this morning.

BOARD OF REVIEW MEETS

An adjourned meeting of the county board of review of income taxes was held at the court house today. Assessor of Income Andrew P. Ken of Amherst was in the city for the meeting.

DIPHTHERIA CASE AT HIGH SCHOOL

Miss Ruth Sprague, Clerk in Superintendent's Office, Is Afflicted

Miss Ruth Sprague, clerk in the office of Superintendent H. C. Snyder at the high school, is under quarantine for diphtheria at her home, 427 Dixon street.

Miss Sprague was at work as usual on Monday but in the middle of the afternoon became ill and went home. Doctors were called and her affliction was determined to be a plain case of diphtheria.

The offices at the high school building were fumigated on Monday night, to prevent spread of the disease among high school people, while Superintendent Snyder announced that throat cultures would be taken from all people who had been near Miss Sprague Monday.

SALE IS APPROVED

Yards and Stock of Clifford Company to be Transferred Soon

Sale of the yards of the Clifford Lumber company, together with stock on hand, to the S. H. Bowman Lumber company of Minneapolis was approved by Judge A. H. Reid in circuit court at Wausau last Saturday. E. B. Robertson and John H. Flach, trustees, W. E. Fisher and J. William Clifford appeared before Judge Reid. Under the terms of the deal, the Bowman company will pay \$25,000 for the yards at Iola, Amherst, Amherst Junction, Arnot and Junction City and will take the stock at replacement value. An inventory is now being made and the property will be turned over to the Bowman company within a few days.

The yards will continue in operation.

BARRON SHERIFF OUSTED CANT SUCCEED HIMSELF

Madison, Wis., Oct. 18.—J. H. Johnson, Barron county, who laid claim to the office of sheriff of that county, was ruled out of post today by the Wisconsin supreme court on the ground that his eligibility ran counter to the constitutional restriction which prohibits sheriffs from succeeding themselves.

CHILDREN FIRE BARN IN DEWEY LOSS IS \$3,500

With Second Building Ruined in Two Years, Farmer Looks for Jinx

A jinx is on the trail of Ed. Levandowski, a Portage county farmer residing in the town of Dewey.

Two years ago a cyclone completely destroyed a large barn on his property, then hardly completed. He promptly proceeded to rebuild the structure. On Thursday afternoon of this week the second barn No. 2, and with it an added toll 30 tons of hay, quantities of harness and the family automobile.

Provides For Worst

But in each case Mr. Levandowski had made provision for the worst. Windstorm insurance paid to him after the first barn went down before the cyclone made it possible for him to immediately rebuild. Fire insurance carried on the second barn completely covers the loss, estimated at more than \$3,500. Policies in each case were carried in the Reynolds Agency here.

Children Start Mischief

Children playing with matches caused the conflagration on Thursday. Adult members of the family were out in a field husking corn when they discovered the flames and smoke. They rushed to the scene but nothing could be done. The structure, 30 feet in width, and 75 feet in length, built on a full stone basement, burned down to the ground level.

The blaze started at noon and burned most of the afternoon. The 30 tons of hay which went up in smoke made an intense heat and for a time nearly by buildings, including two other barns and a granary, were threatened. They were saved, however. The automobile which burned was a Duesenberg touring car. Horses and cattle were fortunately at pasture in a field when the fire broke out.

SOO TRAIN HITS AUTO

Farmer Near Marshfield, Stalls Machine on Crossing

A new Mitchell touring car, owned and driven by Peter Gessert, a farmer living a few miles north of Marshfield, was hit and wrecked by a Soo line freight train Sunday night at 10 o'clock at the Oak street crossing at Marshfield. Mr. Gessert and another passenger in the car escaped injuries. The driver of the car stalled his motor on the right of way and the occupants were unable to jump to safety before the crash came.

KING LUDWIG DEAD

Deposed Monarch of Bavaria Yields Empty Claims

Berlin, Germany, Oct. 18.—Former King Ludwig of Bavaria is dead, it was announced here today. The death of the ex-king gives the claim to the throne to Crown Prince Rupprecht, one of Germany's war heroes and the man the monarch party was believed to have in mind for emperor of Germany, if they gained control of the country. Rupprecht is the eldest son of the late King Ludwig.

As Bavaria is now part of the German republic, hope of Rupprecht ever becoming king in fact, as well as name, is remote.

BIG YIELD OF POTATOES IN MINNESOTA-DAKOTA

Minnesota and the two Dakotas harvested big crops of early potatoes of excellent quality, according to R. H. Howe, who returned home a few days ago after spending two months in those states as a buyer for the Albert Miller company, Chicago. The yield in the Red River district of Minnesota around Moorhead, averaged from 150 to 200 bushels to the acre, while in North Dakota the harvest ranged from 150 to 200 bushels to the acre. Most of the early potatoes in the three states have been disposed of, according to Mr. Howe, except in the Red River district of Minnesota, where storage facilities are available and have been put into service.

The Threatened Railway Strike

The railways have gone ahead with
 their plan for a second reduction in
 the wages of their men. In their pe-
 tition to the United States labor board,
 according to their announcement at
 Chicago, they will ask now the balance
 of the cut asked last spring and not
 granted. Then they wanted a cut of
 30 per cent. The labor board gave
 them 12. Now they ask a second 10
 per cent on the present wages, and
 they estimate the two would be about
 20 per cent on the pay in effect be-
 fore the first cut. If the new cut is
 granted, they promise to consent to
 a reduction of rates sufficient to off-
 set it, the second cut. They do not
 suggest that they will make any rate
 reduction to balance the first wage
 cut.

The members of the railway unions
 have voted to strike as a protest
 against the first cut, yet it is gener-
 ally presumed that there will be no
 strike unless the petition for the sec-
 ond cut goes in, so, in effect, the fight
 is directed against that. Present plans
 of the men call for a walkout on some
 of the roads on October 20. The pro-
 gram is to quit in ten groups with
 intervals between the several walk-
 outs; it is not known here whether the
 500 line would be among the first or
 last of these groups.

Of course, nobody wants a strike.
 The men don't want it, the roads don't,
 and certainly the public doesn't. That
 being the case, it should be possible to
 get together and make a settlement to
 avert it. A railway official, asked by
 the Chicago Tribune whether he
 thought there would be a strike or not,
 was foolish enough to say "Pooh."
 That attitude may force a strike. If
 the roads assume that the men don't
 dare to strike, it would be only a
 manifestation of human nature if they
 should strike to prove that they can
 do it.

It is indeed a hard situation, just
 as it is in other lines of business. The
 men can't stand a cut in wages un-
 less there is a cut in the cost of liv-
 ing, and there can't be much reduction
 in the cost of living unless wages,
 which enter into the cost of produc-
 tion, come down. Freight rates are
 one of the big items in the cost of
 living. A Stevens Point coal dealer
 says that he formerly sold hard coal
 here for less money than he now
 pays for the freight on it from Penn-
 sylvania to Stevens Point. Railway
 men can't pay present prices for coal
 without hardship if their wages are to
 be reduced, coal can't come down un-
 til freight rates are down, and freight
 rates won't come down unless wages
 do too. It all works in a circle. It
 is a hard proposition.

There is a presumption that the cost
 of living is down now. How much is
 it down? Rents, which are a large
 item in the family expenses, are high-
 er today than they ever were before,
 higher even than a year ago in flush
 times. In Stevens Point there are now
 pending petitions for increases in tel-
 ephone and water rates, and there
 have been two recent advances in gas
 rates. On the road, where men in the
 transportation service spend much of
 their time, they will in most cases
 spend just as much for meals and
 room rent as they ever did. With sev-
 eral children in the family, doctor's
 bills are quite an item. They have
 been raised within the last couple of
 years. Shaves, haircuts, amusements,
 church and lodge dues are as much as
 they ever were. There has been some
 reduction in men's clothing, a larger
 cut in women's ready-to-wear and a
 substantial cut in some items of food.
 Taking the whole expense of a family
 with the head of it on the road half
 the time, the percentage of reduction
 must be pretty small, and in some
 cases, it is quite possible that the to-
 tal expense of a family from month
 to month has even gone up. Rail-
 way cars may have dropped from
 \$15.00 to \$12.00 apiece, giving the
 owners of the railways the impres-
 sion that the cost of living is shrink-
 ing, but that doesn't interest the
 workmen to any extent.

To avoid a strike there should be
 conference, mutual concessions and
 conciliations. To effect a fair settle-
 ment heavy responsibility rests on the
 leaders of the brotherhoods, but not
 on them alone. The railway heads
 too should not lightly provoke a war
 at a time when the situation calls for
 peace and cooperation to get business

again on its feet. They would have
 been wiser to have made some cut in
 rates following the first wage cut,
 then, if they still felt a further cut in
 wages was advisable, they might have
 presented their petition a year later.
 It doesn't show the best judgment in
 dealing with their men to try to force
 down wages twice in a little over four
 months before making any change in
 freight and passenger rates.

Assemblyman William Scribner

When Assemblyman Scribner didn't
 vote as some of our business men
 thought he should in the last session,
 we occasionally heard him lined up as
 a sort of Bolshevik. But he wasn't.
 Now a speaker from Madison, Mr.
 E. J. Onstad, comes in and informs
 an audience of Mr. Scribner's consti-
 tuents that he is "three-fourths stal-
 wart." And he's wrong too.

Mr. Scribner is simply a level-head-
 ed citizen, educated in the schools of
 Stevens Point, experienced in a re-
 sponsible position on the railway, a
 farmer who has made a success of the
 farming business. He has a family of
 a size that would have pleased Col-
 onel Roosevelt.

He isn't anybody's man. He thinks
 things out. Doubtless he is mistaken
 sometimes. But he is square. And he
 is able, too. We can recall the send-
 ing of a delegation to his home in
 Buena Vista last spring to show him
 how mistaken he was in voting on the
 highway bill according to his own
 judgment instead of the judgment of
 Highway Engineer Hirst and how the
 delegation felt when it found out that
 the assemblyman knew much more
 about the arguments for and against
 the bill than any of them did. So
 those who went down to criticize re-
 mained to indorse.

Often our views don't agree with
 those of our assemblyman. And when
 they don't, on a proposition on which
 he has opportunity to inform himself,
 we distrust our own opinion. He is
 not representing anybody at Madison.
 He is representing Portage county to
 the best of his ability. He is an hon-
 est, well-informed man who is his own
 boss. And we're glad he is. We don't
 want to boss him, and it's a card in
 his favor that Mr. Onstad and nobody
 else can do it either.

Drawing women on juries, as
 they have done in Waupaca county
 and some others, seems to be carry-
 ing feminism to extremes. When talk-
 ing it over in women's clubs, getting
 on the jury may be taken as a mani-
 festation of equal rights. Court offi-
 cials who know something of the de-
 tails of jury work know that it would
 often mean hardship and embarrass-
 ment for women.

MAIL WITHOUT STAMPS

New Machine "Charged Up" to Stamp a Thousand Letters

Washington, Oct. 17.—Thanks to a
 new automatic postage meter, which
 post offices in the large industrial
 towns have ready for hire, you may
 mail a thousand letters without
 stamps as soon as you like to rent
 the machine.

The meter looks like a small hand
 safe, stands about 12 inches high and
 has an inside mechanism which pro-
 vides for a stamping pad which dates
 the letters and cancels the stamp.
 You hire your machine and take it
 away from the post office, "charged
 up" to frank a thousand letters. All
 your mail clerk has to do is to slip
 franked ready to be put aboard the
 train. When the thousand register
 the envelopes through the foot of the
 machine, press a button—and presto—
 out they come, all dated and
 shows on the machine, the post of-
 fice rewards it for a fresh thousand
 frankings with a special key.

Several New York firms have
 adopted the machine since its very
 recent appearance—it has only been
 a few weeks since the post office
 adopted the invention.

BREITENSTEIN HOME

LEASED BY BROWN

A. W. Breitenstein has leased his
 home at 340 Pine street to John W.
 Brown, state commander of the Mac-
 cabees, whose family has occupied the
 upper floor of the house for a year or
 two.

Mr. Breitenstein is planning to build
 a modern residence on the east lot,
 facing Wisconsin street, work to be
 started early next spring. In the
 meantime the Breitenstein family will
 again live at Stockton station, where
 they own a desirable home. Mr. Brei-
 tenstein is a wholesale dealer in pota-
 toes.

VALLEY PIONEER DEAD

Paul Erlandson, a resident of Wau-
 sau for 52 years and a pioneer of
 central Wisconsin, died at his home in
 that city Wednesday morning. He
 worked for many years in the woods
 and helped in floating lumber down the
 Wisconsin and Mississippi rivers. In
 1853 he was united in marriage with
 Miss Torgine Olson in Stevens Point.
 Surviving are his widow and six chil-
 dren.

A. C. KINGSTON
NEW CASHIER
OF CITIZENSCarl S. Orthman Purchases
Control of Kilbourn Bank
and Becomes President

Arthur C. Kingston, vice president
 of the Commercial Bank of Chilton,
 has been elected cashier of the Citizens
 National bank of Stevens Point to
 succeed Carl S. Orthman, who has
 resigned here to become president
 and controlling stockholder of the
 Farmers and Merchants bank of Kil-
 bourn.

The change was announced by
 President Oberweiser and Cashier
 Orthman today. It will become effec-
 tive November 1.

The New Cashier

The selection of the new cashier
 was made with great care and after
 consultation with high banking au-
 thorities in Milwaukee, Chicago and
 the Fox River valley. In July, when
 he began negotiations with the Kil-
 bourn bank, Mr. Orthman notified the
 Citizens of the possibility that he
 would leave and inquiries were at
 once set on foot to locate the right
 man to succeed him here. These in-
 quiries finally led to the Chilton
 banker, and banking leaders were
 asked their opinion of him.

Strong Indorsements

Phil S. Dickinson, vice president of
 W. L. Ross & Co., Chicago investment
 house, wrote of him: "He is a very
 able banker, quite capable of handling
 a much larger institution than he is
 now in. He has made a fine record
 in his bank, having built it up in good
 shape, and his personality is such
 that he makes a good impression
 wherever he goes."

Sherman G. Spurr, vice president
 of Elston & Co., of Milwaukee and
 Chicago, dealers in investment securi-
 ties, sent the following letter in an-
 swer to an inquiry: "Mr. Kingston
 is vice president of the Chilton bank,
 also son-in-law of F. J. Egerer, presi-
 dent of the bank, and a substantial
 man in his community. I have
 known Art Kingston for some time.
 During the Victory loan campaign I
 saw considerable of him and I know
 he is a 'regular fellow.' He did much
 valuable work in connection with
 all the Liberty loans. He is a capable
 and conservative banker. He has built
 up a very good institution at Chilton
 against strong competition. My per-
 sonal opinion of him is that he is
 away above the average small city
 banker. A year ago he had an offer
 from a large sized bank in Iowa
 which he did not accept. His integ-
 rity and general reputation are very
 good. If you are making this inquiry
 in regard to some bank connection, I
 would say that he would be excellent
 material."

Henry Rollman of Chilton, who is
 engaged in business and farming on
 a large scale and is widely known as
 a leader in that district, thus answer-
 ed an inquiry: "I consider Mr. King-
 ston trustworthy and capable of tak-
 ing charge of any, or a larger bank
 that he is now in. His wife is a Cath-
 olic but I do not believe he himself be-
 longs to any church. I think he would
 personally incline to the Presbyteri-

an church. He is a good mixer and a
 courteous man to deal with. I have
 known him well for 10 years."

Mr. Orthman, who had met Mr.
 Kingston at state banking meetings,
 also spoke in praise of him. "I know
 him well and regard him very highly,"
 he said.

After receipt of these and other let-
 ters of the same tenor, President
 Oberweiser was satisfied that he had
 found the ideal man and opened nego-
 tiations with Mr. Kingston who until
 then did not know he was being con-
 sidered. He finally consented to ac-
 cept the cashiership here and pur-
 chased a large block of stock.

The new cashier was born on a
 Waukesha county farm and has lived
 in Wisconsin all his life. After ex-
 perience in banks at several points
 he located at Chilton 10 years ago
 and with his father-in-law organized
 the Commercial bank which under his
 management has grown steadily from
 year to year. He is president of the
 Calumet County Bankers' association.

 management has grown steadily from
 year to year. He is president of the
 Calumet County Bankers' association.

ARTHUR C. KINGSTON

New Cashier of the Citizens National Bank

and president of the Chilton Advance-
 ment association.

A Good Place

For the past year Mr. Orthman has
 been looking about for a live bank
 which he could own and control. The
 president of the Kilbourn bank, R. D.
 Barney, died in May, and a few weeks
 later Mr. Orthman made an offer for
 the purchase of the stock owned by
 the estate. At first it was refused,
 the bank being a flourishing institu-
 tion with the stock earning good mon-
 ey, and as a temporary proposition
 Harry Barney, brother of R. D. Bar-
 ney and cashier of the Bank of Spar-
 ta, was elected president and has been
 running both banks. He found the re-
 sponsibilities so heavy that when a
 second proposition was received from
 Mr. Orthman it was accepted. The lo-
 cal man buys the bulk of the Barney
 stock, though Mrs. R. D. Barney and
 Harry Barney retain holdings and the
 latter remains a director. The Kil-
 bourn bank has \$300,000 resources and
 capital of \$20,000. It has one compet-
 itor.

Kilbourn has a permanent popula-
 tion of 2,000 and in the summer time
 has a population of 15,000. One of the
 best small cities in the state, it out-
 classes its neighbors of larger size in
 the volume of its business and its citi-
 fied appearance. It has nine regular
 hotels. It has a broad business street
 along which are ranged modern stores
 and offices. It is headquarters for
 the Dells, one of the great resort
 spots of Wisconsin, and is located on
 Trunk Line Highways 12 and 13. It
 is considered a splendid banking
 town, one in which the new owner of
 the Farmers and Merchants' bank
 has reason to hope for large measure
 of success.

The Orthmans have procured a
 home at Kilbourn and will move
 about the first of November. Until
 then Mr. Orthman will remain active
 in the Citizens bank.

Here Last Nine Years

Mr. Orthman began his banking
 career with the Waushara County
 bank of Plainfield. His first move
 was to Stevens Point where he en-
 tered the employ of the First National
 as bookkeeper, remaining there seven
 years and rising to the assistant
 cashiership. He then organized the
 Bank of Neshkoro and became its
 cashier. From Neshkoro he went to
 Fort Atkinson to the Coe bank, and
 nine years ago returned to Stevens
 Point as assistant cashier of the Cit-
 izens National. A year later he was
 elected cashier and has held that
 position ever since. For the last
 four years he has also been a direct-

He has been prominent in local af-
 fairs outside of the bank also. He is
 present member of the state board of
 normal school regents, treasurer of
 the Rotary club, treasurer of the
 Wisconsin Valley Boy Scout associa-
 tion, treasurer of the Stevens Point
 Fair association of which he has also
 been a director for nine years, is a
 member of nearly every civic society
 in town and is also a member of the
 Waushara County club. He was for
 two years president of the Stevens
 Point Business Men's association, the
 predecessor of the Chamber of Com-
 merce.

The Normal Registry

Mr. Orthman said today that he
 had as yet made no decision in re-
 gard to the normal school registry.
 He will meet res an for the present at
 least.

BOY KILLED BY AUTO

 Mrs. Henry Grassan of Granton was
 killed last Thursday when he was
 struck by an automobile on the road
 near his home. The little boy lived
 only a few minutes following the ac-
 cident.

"BIG MARSH" BEETS
BEING MARKETINGCrop Sold at Chippewa Is Found to
Contain as Much Sugar as
Any in the State

The sugar content of beets grown
 in the Portage county drainage dis-
 trict near Coddington this season has
 been the cause of much concern, as
 it will have a direct bearing upon fu-
 ture crops. The question was settled
 last week and in a manner highly
 pleasing to the growers, when reports
 were received from the Chippewa
 Falls refinery, where a carload of
 beets from the "big marsh" had been
 shipped. A careful test showed that
 the Portage county product contain-
 ed as much sugar as any in the state
 thereby proving that the soil is well
 adapted for the raising of this crop.

Lack of rain during the summer
 cut down the expected yield on the
 two hundred acres of sugar beets
 sown by ranchmen in the drainage
 district. The harvest now in progress
 producing ten to twelve tons per acre
 instead of the expected fifteen to eigh-
 teen tons.

Market has been found for the crop
 at Chippewa Falls and a car of thirty
 tons is being shipped to the factory in
 that city each day. The price on
 board cars at Coddington is \$7 per
 ton.

FIRST CLINIC IS HELD
AT RED CROSS CENTERNine Children from the City and Coun-
ty Examined by Dr.
J. W. Coon

On Wednesday afternoon Dr. J. W.
 Coon held the first clinic to be con-
 ducted at the new quarters of the Red
 Cross, 300 Normal avenue.
 The cases under examination were
 children, five from the county, the re-
 mainder from the city. One of these
 it was discovered, had a positively
 developed case of tuberculosis. The
 child was brought to the clinic through
 the efforts of Miss Ruth Marlowe,
 school nurse. She has been in at-
 tendance at the public schools and
 Miss Marlowe has had her under ob-
 servation as a suspicious case for sev-
 eral weeks.

As a result of the clinic and the
 watchfulness of the school nurse the
 child will be immediately withdrawn
 from school and given the proper at-
 tention as recommended by Dr. Coon.
 This case is only one illustration of
 the value of the school nurse and the
 Health Center to the community.

Dr. Coon is to hold another chest
 clinic soon as there are others anxious
 for examination. The community is
 unusually fortunate in having a spe-
 cialist of Dr. Coon's ability to conduct
 these free chest clinics.

The Rest Room at the Health Center
 is now ready for use, and it is the
 desire of those in charge that it be
 well patronized. It is open from eight
 in the morning until five in the after-
 noon. Plans are in the making for
 an "open house" Saturday, October 22.

COUPLE FOUND GUILTY

 wart of Port Edwards, former Pitts-
 ville residents, were found guilty in
 circuit court at Wisconsin Rapids by
 a jury of unlawfully living together.
 Judge R. B. Park of this city with-
 held sentence pending the filing of a
 motion for a new trial by the attor-
 ney for the defense.

POTATO QUEEN
CONTEST OPENS
IN THE COUNTYPolling Places Are Estab-
lished at Each of the
Eleven Banks

Voting for the Portage county pota-
 to queen started today with polls es-
 tablished at the 11 banking institu-
 tions of the county.

Votes will be accepted up to and
 including Tuesday, October 26, the
 second day of the potato show in Ste-
 vens Point. Any young lady in Port-
 age county is eligible in the contest
 and friends, relatives and admirers
 may vote as many times and as often
 as they see fit, votes being sold at one
 cent each.

Pink ballots have been prepared
 and are given out to each voter at
 each polling place. Signs calling at-
 tention to the contest have been
 placed in the banks. Each contains
 the following: "Vote for the Potato
 Queen of Portage County Here."

MEETING AT JUNCTION
NEXT FRIDAY NIGHT

W. W. Clark and F. G. Swoboda to
 Address Members of Hol-
 stein Club

A meeting will be held on Friday
 night at the hall at Junction City, ar-
 ranged by the Junction City Holstein
 club to discuss matters of interest to
 dairymen.

The principal speakers will be Coun-
 ty Agent W. W. Clark, who will talk
 on "The Tuberculin Test for Dairy
 Cattle," and F. G. Swoboda, former
 county agent of Marathon county, now
 field man for the Wisconsin Cheese
 Producers' Federation.

Mr. Swoboda will discuss the work
 of the federation and explain how it
 operates and benefits the cheese pro-
 ducers. The federation is growing
 rapidly in Wisconsin and is market-
 ing cheese for the Minnesota Cheese
 Producers' Federation. The Wiscon-
 sin organization is approved and is
 being assisted by the Wisconsin De-
 partment of Markets, the College of
 Agriculture, the Wisconsin Farm Bu-
 reau Federation and the American So-
 ciety of Equity.

ENTRIES FOR SPUD SHOW
OPEN UNTIL OCTOBER 23

Last year more than 700 visitors
 registered in three out of four days
 of the potato show. The potato queen
 contest aroused much interest, while
 many others came to inspect the splen-
 did varieties of tubers on exhibit.

The dates for the Portage County
 Potato Week observance this year are
 October 24 to 28. Entries must be
 made with the county agent before
 Tuesday evening, October 25. The
 queen contest, to be conducted again
 this year, is arousing much interest
 and it is said that there will be many
 young ladies seeking the coveted hon-
 or.

NORMALS BURY ST. NORBERT'S UNDER 108-0 LANDSLIDE

Run up Highest Score Ever Recalled on Local Gridiron

In a game that was more foot race than football, the Stevens Point Normal football team buried St. Norbert's eleven of De Pere under an avalanche of touchdowns Friday afternoon at the fair grounds. When last period was up, those with mathematical ability enough to keep up with the pace set by the Normal team announced that the score stood 108 to 0.

The score was perhaps the highest ever run up on a local gridiron. Ever the oldest local football fans do not recall a time when any other team piled up such a score on the football field.

No Opposition
The St. Norbert eleven didn't furnish the Normal players opposition at any time during the four periods—it wasn't a game. The visiting eleven was completely outweighed and outclassed in every way.

The players looked little more than high school youths, and are no match will be released but if the amount of the liens is not as great as represented, the auto will be confiscated by the state.

Following Zoromski's arrest by Deputy Berry he admitted that he had manufactured the liquor himself and that he had brought it to Portage county to be sold.

Joe Czerwonka, proprietor of the saloon in Sharon which was raided will be arraigned in county court before Judge Owen Monday.

Pleads Guilty
Bruno Baranowski, bartender in the saloon of Dan Kluck, Arnott, arrested Thursday afternoon after a raid on the place had been made pleaded guilty to a charge of having in his possession and under his control intoxicating liquor when arraigned before Justice G. L. Park late Friday afternoon. He was bound over to circuit court and released on bail of \$500. The proceedings in court brought out that a pint bottle of alleged moonshine was found on Baranowski's person by prohibition agents after a search of the bar had been made by the agents.

Theodore Maslowski, whose place at Custer was raided Thursday by prohibition agents, pleaded not guilty to a charge of selling non-intoxicating beverages without a permit in county court Friday afternoon and made the same plea when charged with having in his possession and under his control intoxicating liquor.

May Produce Permit
A. F. Grubba, who operates a saloon in the town of Carson, was arraigned in county court late Friday afternoon, charged with selling non-intoxicating liquor without a permit. The case was adjourned to Monday when Mr. Grubba declared that he had a permit. If he produces a permit in court Monday the charge against him will be dismissed. Mrs. Eva Grubba, his wife, charged with destroying fluids while the Grubba place was being searched, pleaded not guilty when arraigned before Judge Owen, and her case was set for October 24. She was released on bail furnished by herself and husband.

RUTH TO PLAY BALL EVEN IF AN OUTLAW

Promises to Organize His Own Team and Tour Country in 1922

Jamestown, N. Y., Oct. 18.—Babe Ruth declared today he would continue to play baseball next year, even if Judge Landis barred him from the major league. Ruth indicated that he would organize his own independent team and engage in exhibition games all over the country.

Ruth declared he would go right ahead with his present barnstorming trip until November 1. Asked about his physical condition, the home run slugger said, "I feel a lot better. The stiffness has gone out of my legs and my injured arm is improving rapidly."

Guests who partook of the meal, which included chicken pie, were members of the O. R. C. and their families. The latter part of the evening was spent informally.

OFFICERS RAID THREE SALOONS SEIZE EVIDENCE

Country Places Paid a Surprise Visit by Local and State Men

(From Friday's Daily)
Officers from Sheriff John A. Berry's office, cooperating with state prohibition officers, conducted raids on three Portage county saloons Thursday afternoon.

The places raided:
Dan Kluck saloon, Arnott.
A. F. Grubba saloon, Carson.
Theodore Maslowski saloon, Custer.

Bruno Baranowski, bartender in the Kluck saloon, was arrested on a charge of having in his possession and under his control intoxicating liquor, and is now in the county jail, awaiting arraignment before Justice G. L. Park.

Pleads Not Guilty
Theodore Maslowski, from whose saloon the officers took a quantity of alleged moonshine, appeared before Judge W. F. Owen in county court this afternoon and pleaded not guilty to the charge of having intoxicating liquor in his possession and under his control. The case was adjourned to October 24, and Mr. Maslowski was released on bail of \$500.

Dan Kluck, proprietor of the saloon in Arnott, was to be arraigned before Justice G. L. Park late this afternoon on a charge of having intoxicating liquor in his possession and under his control, while he was to appear before Judge W. F. Owen to answer to the charge of selling non-intoxicating beverages without a permit. A. F. Grubba, proprietor of the saloon in Carson, is also to be arraigned on the latter charge, while his wife must answer to a charge of destroying fluids to prevent seizure.

The prohibition agents left Stevens Point this afternoon for Milwaukee.

CROSSING ACCIDENT CAUSES 500 SUITS

Two Women Want \$20,000 Damages for Injuries at Fond du Lac

St. Paul, Minn., Oct. 18.—Two damage suits were filed in district court late yesterday against the Soo line, as the result of an alleged accident at a crossing at Fond du Lac, Wis., August 14.

Alma Schmidt seeks to recover \$15,000 for injuries, and Meta E. Keys asks \$5,000. It is alleged the two were riding in an automobile and while crossing the Soo tracks a train traveling at an excessive rate of speed struck their machine without giving any warning. The complaint said there was flagman stationed at the crossing.

UNCLE SAM AND JOHN BULL TO COOPERATE FOR PEACE

Washington, D. C., Oct. 18.—In a message to King George of England, President Harding today accepted the British offer to bestow the Victoria cross on the unknown soldier to be buried in Arlington November 11. The president in his message expressed his belief that American and British representatives will "cordially cooperate at the armament conference to diminish the causes of war."

RAPIDS LOSES TO WAUSAU, 7 TO 0; ANTIGO A WINNER

Rhineland Swamped by 78 to 0 Score in Saturday Game

C. W. C. STANDINGS
Antigo 2 0 1,000
Wausau 2 0 1,000
Stevens Point 1 0 1,000
Merrill 1 0 1,000
Wisconsin Rapids 0 1 1,000
Marshfield 0 2 1,000
Rhineland 0 3 1,000

Wausau Wins, 7 to 0
Wausau, Oct. 17.—The Wisconsin Rapids football team proved itself to be a scrappy bunch Saturday afternoon when it held the strong Wausau eleven to only one touchdown and lost 7 to 0.

Neither team scored in the first half, but the Rapids eleven was unable to stop the hard line drives of Reinke and Quandt who carried the ball down the field for a touchdown shortly after the beginning of the third quarter. The best chance for the visitors to score came in the early part of the first quarter when they recovered a fumble on Wausau's 30 yard line and would have run for a touchdown had not the Wausau quarter back been able to get through the interference and drop the man within three yards of the goal line.

The Rapids players put forth their utmost efforts, but were twice thrown for losses but on the fourth down the ball was still one yard from the goal line. The game was one of hard line bucking and short end runs; passes were very few, each team completing but one long pass. Both teams played consistent football and fumbles were infrequent, but there were numerous penalties for holding.

Rhineland Swamped
Antigo, Oct. 17.—Antigo defeated the Rhineland team Saturday afternoon in football, 78 to 0. The Antigo team outwheeled Rhineland and played a far superior brand of football.

At the end of the first quarter the score was 19 to 0, and by the end of the first half Antigo had made five touchdowns and kicked one goal making the score 31 to 0. The insertion of substitutes in the Antigo lineup failed to stop the scoring and at the end of the third quarter the score stood 65 to 0. Antigo first string men went back as the fourth period was drawing to a close and finished the game.

OFFICERS TAKE EIGHT TUBS OF MASH IN RAID

Quantity of Alleged Liquor Also Taken From Linwood Farm

The fifth of a series of raids conducted the past week-end by state prohibition agents and officers under Sheriff John A. Berry was made Saturday afternoon by Prohibition Agent H. Hewitt of Neillsville and Deputy Sheriff Manuel Berry on the farm home of A. Roe, town of Linwood.

The officers secured eight tubs of mash, a quantity of alleged moonshine and other ingredients said to have been used in the manufacture of liquor. The mash, alleged liquor and other ingredients were confiscated by the officers and Mr. Roe arrested and brought to the county jail here.

He was to be arraigned in county court this afternoon before Judge W. F. Owen on a charge of manufacturing and having in his possession and under his control intoxicating liquor and mash from which intoxicating liquor is made.

Fined \$100 and Costs

Dan Kluck, proprietor of a saloon at Arnott which was raided by agents Thursday, pleaded guilty to a charge of selling non-intoxicating beverages without a permit and was assessed a fine of \$100 and costs of \$5.45 or the alternative of spending 90 days in jail. Mr. Kluck paid the fine. The charge of having in his possession and under his control intoxicating liquor was dismissed by the court.

BONUS IS PROVIDED BY NEW STATE LAW

One Stevens Point Girl Chosen to Receive Annuity While Attending School

A new state law pertaining to vocational training has made it possible for one Stevens Point girl to continue her education, receiving a bonus of \$150 for the present school year, which will make it unnecessary for her to go to work as she had planned.

The bonus is in effect a scholarship and the recipient of it must be worthy and needful of the money. In the local case selection was made by G. J. Ehart and Miss Minnie Horn of the Vocational school. Each city of the state is permitted to help but one person a year in this way.

The girl whom the local instructors selected for the state bonus has been a pupil in the grades and had entered the Vocational school this fall, planning to continue her studies part time and accept employment on part time. She is now enrolled as a freshman at the High school and will attend full time, devoting all of her time to her studies.

Ford's Birthday Sale Exploded

A Recent Letter From The Factory Kills Rumor.

There have been considerable rumors to the effect that Mr. Ford is going to sell his cars at \$200 on a certain date; also that he was going to have a special sale on his birthday.

Where these stories come from we do not know, but we want to brand them as being ridiculous and without any foundation. In the first place, such prices would be impossible as the cars cost us much more than that to build.

In the second place, our production is only 4,000 cars per day and when you consider that we have 100,000 employees alone, it is not reasonable to expect that any of these cars would find their way into the hands of the public.

Last of all, there is absolutely no possibility of any such ridiculous proposition being made.

District Spend Saturday
in the County

The board of directors of the Bradley Polytechnic Institute of Peoria, Ill., which owns 8,000 acres of land in the Buena Vista drainage district of Portage county, arrived in Stevens Point Saturday morning and spent the day viewing its property on the marsh.

The trustees were accompanied here by George R. MacClymont of Peoria, general manager of the institute, who made the inspection trip with them.

Others in Party

Others in the party were T. M. Otrich, local manager; George Dock- en of Madison, representing the United States Sugar company which purchases sugar beets raised on the marsh; H. Nelson of Madison, in charge of flax and beet experiments on the marsh; representatives of the College of Agriculture at Madison and a company of Stevens Point citizens.

The board of trustees, including prominent professional and business men of Peoria, is composed of Z. M. Holmes, Judge Neihaus, Judge Wead, R. S. Wallace, Henry M. Pindell, Charles D. Thomas and H. E. Chubbuck.

Dinner at Library

A dinner party, on the occasion of the visit from the institute officials, was held at the library club rooms Saturday evening when talks were given by the trustees, and by President John F. Sims of the Normal school, J. W. Dunegan, F. Leslie Body and E. A. Oberweiser. Other local men in attendance were George E. Nelson, County Agent, W. W. Clark, H. D. Boston and W. E. Atwell.

It was the first visit of several members of the board of trustees to Stevens Point, and they expressed themselves surprised and pleased with the city. They complimented the local citizenship on the progress being made here and expressed the hope that the future will see a closer cooperation between business men of Stevens Point and the Bradley interests in the development of the marsh property.

Plan Farming Systems

In cooperation with the College of Agriculture, the trustees hope to develop a system of farming which will be profitable both to their tenants and others on the marsh. While on the trip on Saturday the men spent some time at the experimental farm maintained near Coddington by the College of Agriculture and were greatly interested in the results secured there. The visitors were also taken on a trip through some of the farming country near Stevens Point on Sunday and at noon were entertained at dinner by Mr. Otrich at his home on Main street. They returned to Peoria on an afternoon train.

Ex-Ambassador Here

Henry M. Pindell, one of the trustees of the Bradley Polytechnic Institute, who was here Saturday and Sunday, is ex-ambassador from the United States to Russia, having served during the administration of ex-President Woodrow Wilson. Mr. Pindell is the owner of several newspaper plants in Florida.

TAXES AT THE RAPIDS

Over \$200,000 Must be Raised for
Municipal Purposes

With the state and county taxes included, the city of Wisconsin Rapids must raise a total of \$291,920 in 1922 to meet the financial requirements of running the municipal affairs, according to the budget which Mayor C. E. Briere has drawn up and which was recently presented to the council in that city.

Official figures were given out at the mayor's office on Thursday. Although \$291,920 is needed to run the city, it will be necessary to raise only \$209,000 by taxes as the city officials estimate an income of approximately \$83,000 due the city from other sources.

SUPERIOR LANDMARK IS SOLD FOR SCRAP

Court House Building Erected in 1871
Disposed of at Figure
of \$25

Douglas county's original courthouse at Superior, erected in 1871, will be torn down for old lumber.

The Douglas county board of supervisors Thursday voted to sell the structure to Emil Rothgeerts of Alhous for \$25.

When the courthouse was opened in 1871 in "Old Town," it was one of the finest buildings at the head of the Lake. It was built of planks laid one on top of the other, like a grain elevator. The best of white pine was used. The building was occupied in 1871 for 50 years ago.

Girl Selling Most Tickets Will Lead The Military Ball

What young lady in Stevens Point wants the honor of leading the military ball at the armory on the evening of October 28 with either Governor John J. Blaine or Adjutant General Holway as her partner?

Here's a chance, girls. All that is necessary to qualify for the honor and be "Miss Liberty" besides during the evening's festivities, is to sell the largest number of tickets to the military ball.

Battery B members are selling them, but a number of Stevens Point girls are wanted to assist in this work. None has started yet, so all will have equal chance. Girls who will sell tickets and compete in the contest are asked to notify Secretary Body at the Chamber of Commerce offices. He will provide the tickets and give the instructions.

POW WOW A SUCCESS

Four Hundred Present at Boy Scout
Affair Friday Night

Before a crowd that numbered more than 400 people, the first Boy Scout pow wow, held by the local council in the pine grove near bridge Friday night, was a big success from every viewpoint. With ideal weather conditions to aid and with a large group of spectators present, the setting among the pines was one long to be remembered.

All troops in the city were in attendance with their scoutmasters and troop commission, most of the organization hiking out in a body. Many visitors came out in cars to witness the interesting program.

The program was opened with a few Scouts songs led by Scout Executive Arthur C. Jones. An exciting set of games followed in which all of the Scouts participated. First there was a shoe race, followed by a sack race, peanut relay, rope fight, crack- er eating contest and a can boxing game. The feature was the rope fight with William Rellahan and Harold Fors as the combatants. C. W. Copps was referee for all of the events, assisted by a number of troop commit- teemen and scoutmasters who were present.

A series of Scout songs was then participated in by all, followed by a "heart to heart talk" by C. W. Copps, president of the local council. Boy Scouts of America. The boys were greatly impressed with his message. Chief Big Smoke then sang some Indian songs and told an interesting tale of Indian life, after which a marshmallow roast was enjoyed.

The closing ceremony was impressive. Scouts assembled around the campfire and sang Taps after which the bugler played taps and each scout started homeward.

MEEHAN FAMILY IN URGENT NEED

Contributions of Cash, Food and Clo-
thing Will Help

It Over

D. H. Parks, chairman of the town of Plover, is circulating a petition for relief of the Michael Woiak family of Meehan, burned out on Thursday with complete destruction of home, furniture and clothing. One straw bed tick and one pillow are all that came out of the house.

A number of persons made cash donations today. Contributions of clothing, bedding and provisions will also be thankfully received. The children include boys of 3, 5, 8 and 12 years and there is one girl of 10, and clothing for children of those ages, as well as for Mr. and Mrs. Woiak, may be given. Gifts of any of the kind mentioned may be left at the county clerk's office in the court house and will be sent for by Chairman Parks.

Cash contributors today were: Frank Winkler, \$10 and supplies; D. H. Parks, \$5 and supplies; Henry Lutz, \$5 and supplies; F. D. Reynolds \$1 and clothing; Evan G. Davis, \$1; A. E. Bourn, \$1; B. J. Carpenter, \$1; Earl Newby, \$1; P. E. Webster, \$1; T. E. Cauley, \$1; Ed. Larson, \$1; John Berry, \$1. Journal Printing company, \$2; Boston Furniture and Undertaking Co., \$2 and clothing.

POINT HIGHS WIN IN FIRST C. W. C. BATTLE, 14 TO 0

Sweep Marshfield Players Off
Feet and Use Only
Simple Plays

Continually battering the Marshfield wings, the Stevens Point High school football team won its first C. W. C. football game of the season Saturday at the fair grounds from the Marshfield Highs, 14 to 0.

Although admitting that had opportunities which frequently presented themselves during the game been taken by the Pointers, the score would have been much larger, there is considerable rejoicing in the High school camp. Opportunities to score in the first period were thrown away by fumbles and inability to smash through the Marshfield line.

First Touchdown

The Point finally drove the ball over for the first touchdown near the end of the second quarter. Stevens Point backs, Razner, Knope and McDonald, and later Vaughn in Knope's place, ripped big holes in the Marshfield defense and made big gains around the Marshfield wings in the first half. After losing the oval to Marshfield when it was within a few yards of going over in the second period, Stevens Point recovered the ball on Marshfield's punt. Knope made a skillful run of 10 yards through guard, but was hurt in the scuffle and Vaughn went in. Vaughn made it first down to the five yard line.

A line buck gained a yard. Marshfield's team made such a din that Spindler had a hard time making himself heard when he called signals and he took the ball himself and went through a hole between guard and center for the first touchdown. Vaughn kicked goal.

Can't Stop Point

Stevens Point couldn't be stopped by Marshfield at the start of the second half. Marshfield kicked off, and again the Point halves, Razner and Vaughn, were repeatedly sent around the wings for big gains. McDonald, fullback, was given the ball several times in end runs, but was too slow in getting started to gain. He made good gains through the Marshfield line, however. With the ball on the 15 yard line Vaughn went through the Marshfield secondary defense for the second touchdown. He again kicked goal.

After that touchdown Marshfield put up a good scrap, but couldn't advance the ball into Stevens Point territory. The Point goal was threatened but once, and then it seemed as though Marshfield would score. Brandt, tackle, was given the ball in a tricky shift on the Marshfield 30 yard line. Stevens Point's halves were sucked in and Brandt, behind good interference, raced down the field for nearly 40 yards before Spindler. Stevens Point safely, downed him. Spindler made a beautiful tackle of Brandt.

Better Line

Marshfield's line, although slightly outweighed by Stevens Point's, played better ball. Although attempts to gain through the Marshfield wall were seldom attempted by the Point, those plays which were sent into the line failed to result in big gains.

The local highs were sent into the game with instructions to keep their forward passes under cover, and in the first half not a single pass was used. In the third and fourth periods some were attempted, but only on two formations and none was successful. Wausau and Wisconsin Rapids scouts were seen on the field.

Shumway Out

The Stevens Point forward wall was crippled by the absence of Shumway, tackle, who will probably be out of the game for several weeks with an infected heel. Blood poisoning has set in and it will be some time before he will be able to get back in the game.

The line-ups: Stevens Point—Siebert, c; Hanna, Johnson, rg; Swan, lg; Harwood, lt; Owen, Bentley, Herrick, rt; Krembs, re; Herrick, Doone, lc; Spindler, Razner, qb; Knope, Vaughn, lb; Razner, Levenski, rfb; McDonald, lb; Marshfield—Teska, c; Counsell, rg; Allman, lc; Esser, rt; Brandt, lt; Adler, Kuethe, re, Abbott, lb; Koenig, qb; Witt, rfb; Baesler, lb; Deckert, fb.

Copps, Stevens Point, referee; Anschutz, Stevens Point, umpire; Wilson, Stevens Point, headlinesman.

HAERTEL BUILDS HOME

House for Monument Dealer Going
Up on Division Street

Henry Haertel, the monument dealer, will soon be the owner of one of Stevens Point's handsomest dwelling houses, work upon which was started Monday morning and if the weather continues favorable it will be completed before the holidays. The new structure which will cover ground space of 30x36 feet, and be one and one-half stories high, is being built on a lot owned by Mr. Haertel at the corner of Division Street and Boyington avenue, a block south of Ellis street. It will be of the bungalow style of architecture, containing seven rooms, and equipped with nearly all the modern conveniences. The exterior walls will be covered with stucco. R. V. Martin is the contractor.

HOME TOWN SORRY TO LOSE KINGSTON

What Chilton Thinks of A. C. Kingston,
Soon to Be Located
Here

A. C. Kingston, cashier-elect of the Citizens National bank, was in Stevens Point today to confer with the directors of the bank. Mr. Kingston has just received a friendly letter of congratulation from Cashier C. S. Orthman, whom he will succeed when the latter goes to Kilbourn, and made a cordial reply.

The latest issue of the Chilton Journal prints the following, of interest here because of the light it throws on the regard felt for the new Stevens Point banker in the town he is leaving:

"During the past few weeks a rumor has been circulating in this city to the effect that A. C. Kingston, one of the widely known and respected citizens was to leave our midst in the near future. This materialized into fact, and on November 1, Mr. and Mrs. Kingston and son Sam will leave Chilton for Stevens Point where Mr. Kingston will be cashier of the Citizens National bank.

"Stevens Point's gain is a decided loss for Chilton for during the years that Mr. Kingston lived here, his business influence aided markedly toward the betterment of our city in general and also individually.

"Arthur C. Kingston, a native of Muskego, Waukesha county, came to Chilton in 1904, directly after completing a college education. He became an employee of the State Bank of Chilton and acted in a clerical capacity for three and one-half years. In 1907 Mr. Kingston organized the State Bank of St. Cloud and entered as cashier. Four successful years are credited. In 1911, Mr. Kingston returned to Chilton where with other well known business men there was organized The Commercial Bank. He acted as cashier of this institution until less than a year ago when George A. Voelz became his successor. Mr. Kingston became the vice president of the concern. The successful growth of the business of The Commercial Bank readily proves the dexterity and push of Mr. Kingston and the city of Chilton felt extremely fortunate in having so ambitious and able a business man. His business career links in numerous other phases, which all tend to prove his integrity and power. In January he was elected president of the Calumet County Bankers' association and has been giving that office strict attention. He is president of the Chilton Advancement association and under his supervision the city made noticeable progress. He is a director of the Chilton Maltng company, a director of the Independent Publishing company, both located in Chilton. He assisted in the organization of the State Bank of Cascade and was a member of the board of directors until his resignation in July, at which time he also resigned from the directorship at St. Cloud and the vice presidency of the St. Cloud State bank.

"The citizens of Chilton regret to have an able business man as Mr. Kingston truly is leave, but a soaring ambition cannot be satisfied here. He has acquired the most that any man can in a city like Chilton and in order to advance must go to a broader territory. Mrs. Kingston, too, has many friends here who do not like to see her leave but their better judgment must be followed. She has been active both civically and socially while in Chilton.

"The many friends of Mr. and Mrs. Kingston join the Journal in wishing them every success in their new home and new undertakings.

"Mr. Kingston will be succeeded by none other than our well known and respected townsman, Robert C. Hugo, who since 1911 acted in the capacity of secretary for the Chilton Maltng Company. Like Mr. Kingston, he too is accredited with a thorough banking career and is very well qualified for the duties he will be called upon to execute. In 1901, R. C. Hugo entered the State Bank of Chilton in a clerical position. From here he went to Marathon where he became cashier of the Marathon City State bank, going to Elkhart Lake in 1907. He was cashier of the Bank of Elkhart Lake for four years proving successful in all of his undertakings there. In 1911 he returned to Chilton and has been with the Chilton Maltng Company ever since. Mr. Hugo is a director of the Commercial Bank of this city since its organization, and a present director of the Chilton Maltng company. He will act as vice president of the Commercial bank of this city in the future."

Wives by the Bundle

Some Americans of a steamer which stopped at a New Guinea port were visited by several natives. The party included a chief and his retinue accompanied to the ship's stern. The visiting party was very much interested in some bright hatchets on the deck and expressed his desire to own one. As a joke he was offered several in exchange for the box, but he refused to entertain the proposition and left the ship. Shortly after he returned, accompanied by six women which he offered for one hatchet.

SPONGE SQUAD RAIDS SALOON MAKES ARREST

Man May Lose Car by Confis-
cation to State by
Court Order

(From Saturday's Daily)

One saloon was raided and one arrest made charging violation of the prohibition laws Friday evening by officers under Sheriff John A. Barry and H. Hewitt of Neillville, a state prohibition officer who stopped off in the city Friday on his way home.

The saloon of Joe Czerwonka, Sharon, was the place raided by the officers, and near this place Leo Zorowski, who resides in Marathon county near Bevent, was arrested by Deputy Manuel Berry.

The raid on Czerwonka's place by the officer netted a quantity of alleged moonshine contained in a jug and a bottle. While officers were conducting the raid Deputy Berry, standing guard outside, saw Zorowski make a dash for a car standing some distance away. He followed him, and searching the car, found a five gallon jug of alleged liquor, which was seized. Zorowski was arrested and brought to the county jail here.

May Confiscate Car

Arraigned in county court before Judge W. F. Owen this morning, he pleaded guilty to a charge of transporting intoxicating liquor, and was assessed a fine of \$200 and costs of \$32.25. His car was ordered held by the court to determine its ownership. The defendant claims that liens on the machine total more than the value. If those statements are found to be true by the court the machine for schools having more mature athletes. They played the Menominee Mich., High school eleven to a 0-0 tie early in the season. Menominee had a poor team, according to reports. East Green Bay High beat the St. Norbert squad 56 to 0 just a few weeks ago, so that the landslide of touchdowns the Normal players put over wasn't the first time the De Pere players had been snowed under.

In former years St. Norbert's developed good football teams, and was ranked with the strong small colleges in the state in point of football ability. In 1920 the team was beaten by the Normal in a one-sided game, and this year the football material was even greener.

STATE CONVENTION HERE IN MAY, 1922

Grand International Auxiliary of
Brotherhood of Locomotive
Engineers to Meet

Stevens Point will be host to a state convention to be held here in May, 1922.

It will be the spring meeting of the Grand International Auxiliary to the Brotherhood of Locomotive Engineers. Stevens Point was awarded the convention in the closing sessions of the state convention held at Antigo Wednesday. Mrs. G. H. Scoville, Mrs. Frank Piancutt, Mrs. C. E. Bidwell, Mrs. Joseph Doyle and Mrs. Ed Johnson of Stevens Point were in attendance at the convention.

The state president, Mrs. M. Lillie of Milwaukee and secretary and treasurer, Mrs. Margaret Fehringer of Milwaukee were reelected to office. A new office of state vice-president was created and Mrs. John Molitor of Antigo was elected to this office.

GIVEN PRELIMINARY HEARING

Paul Kummer, Stevens Point, was given a preliminary hearing in County Judge W. F. Owen's court this morning, on a charge of attempted burglary. The case was ordered held open until a week from today, and Mr. Kummer was remanded to jail. It is alleged that Kummer attempted to break into the J. J. Neuberger saloon on the South Side.

TO BUILD BUNGALOW Home in City

John Polubinski, who recently bought from Mrs. Charles A. Kuhl a lot at the southwest corner of Normal avenue and George street, has begun the erection of stone basement walls for a bungalow of seven rooms, one story high. The new house will be furnace heated and be equipped with other modern conveniences. Should the weather remain favorable for another month or six weeks, Mr. Polubinski will complete the building, but in case of an early freeze only the basement walls and the flooring above will be finished now, the other work being deferred until spring.

POINT'S PATCHED TEAM BEATEN BY BREWERS, 10-6

Milwaukee Club Collects 16
Safe Hits Off
Johnson

With a patched-up lineup, and before only a fair sized crowd, the Stevens Point baseball club was defeated by the Milwaukee American association team at the fair grounds Wednesday afternoon, 10 to 6.

The Association club played real good baseball only in the pinches, and there were very few pinches. The local club made a fairly good showing against the visitors, and had it not been for errors, the game might have been a trifle closer.

Oscar Johnson of Marshfield, who has been pitching in the upper peninsula of Michigan, was on the mound for Stevens Point. Schneider, the regular pitcher, was unable to come to the Point for the game, and neither was Gustin. Both are students at Ripon college. Huber of Mosinee played in Gustin's place and L. Fahrner, also of Mosinee, did the catching in place of Kujawa.

Johnson pitched a good game, but was not at his best, having worked against the Brewers for five innings at Marshfield on Tuesday, when half the Marshfield baseball club failed to put in an appearance at game time. Johnson was beaten by the Brewers in that game but it was no fault of his.

SEASON'S CROP OF HAY

LOST IN BIG BARN FIRE

Ninety load of hay, the season's crop, and 20 tons of feed valued at about \$7,000, were destroyed in a fire that consumed a large barn on the Waupaca county asylum farm. The cattle and other stock in the barn were removed. The loss was covered by insurance.

GOOD WEATHER IN SEPTEMBER MADE GAINS IN CROPS

Corn, Potatoes, Tobacco, All Showed Substantial Increases

Madison, Oct. 16.—Cultivated crops in Wisconsin made a substantial gain during September with an increase of 6,500,000 bushels in the prospective corn yield, 2,000,000 bushels in the potato yield, and 4,700,000 pounds in tobacco. Cabbage, however, declined 10,000 tons from the August estimate and onions 65,000 bushels.

Corn established a new Wisconsin record, the estimated production on Oct. 1, condition set at 89,338,000 bushels compared to 82,863,000 estimated on Sept. 1, 88,044,000 produced in 1920 and a five year average of 82, 863,000 bushels. Entire freedom from frost during September is said to have insured ripening of the corn to the northern limits of the state.

Ample rainfall and above seasonal temperatures during the past month are reported to have increased the size and weight of the ear. The condition of the crop on Oct. 1 was 98 per cent of normal, compared to 93 per cent on Sept. 1, 87 per cent in 1920 and a ten year average of 81 per cent. Average yield per acre of silage is estimated at 9 tons per acre compared to 7.8 in 1920.

Potatoes Show Gain

Favored by temperatures, frequent rains and absence of frost, the potato crop showed a substantial increase of 2,580,000 bushels. Vines remained green until the last week and growth continued, especially in the central district, according to the report. The Oct. 1 condition was 55 per cent of normal in comparison to 50 per cent in September, and a ten year average of 75 per cent. Production is estimated at 22,263,000 bushels, compared to 33,264,000 in 1920, and a five year average of 27,276,000 bushels.

Wisconsin tobacco is reported to have increased 4,700,000 pounds in September, owing to the fact that the late planted crop began to grow following the rains of the closing days of August. The prospective yield is 61,438,000 pounds as compared to 56,763,000 forecast in September, 62,400,000 produced in 1920, and a five year average of 52,92,000.

High Percentage

The condition on Oct. 1 was 92 per cent compared to 85 per cent in September, 91 per cent a year ago, and a ten year average of 96 per cent. Early planted tobacco, went into the sheds early and in excellent condition the report says. Harvest of the late planted was hindered by rains, and some pole rot developed in the muggy weather of the last week in September.

According to the report, Wisconsin cabbage did not respond to the rains of September as much as was anticipated. Blackleg is also said to have caused some loss with the result that production is estimated at 61,000 tons, compared to 71,000 forecast on Sept. 1 and a yield of 166,000 in 1920. The preliminary estimate of yield per acre of 5.4 tons compared to 10.3 produced in 1920 and a nine year average of 8 tons.

Sugar Beets

Beets for sugar made a slight increase during the month. Condition is estimated at 82 per cent compared to 81 per cent in September, 84 per cent last year and a ten year average of 88 per cent. Production is estimated at 132,000 tons compared to 123,000 forecast a month ago, 236,000 produced in 1920 and a five year average of 150,000 tons.

The production of onions is estimated at 91,000 bushels, compared to 174,000 forecast last month, 652,000 produced in 1920 and a five year average of 254,000 bushels. Preliminary estimate of average yield per acre is 91 bushels compared to 460 bushels in 1920 and a nine year average of 217 bushels.

WILD ROSE BANKER GOES TO OGDENSBURG

A. H. Schultz, assistant cashier of the Wild Rose bank for several years, has been appointed cashier of the newly reorganized State bank of Ogdensburg, Waupaca county. Mr. Schultz succeeds H. H. Johnson, who disappeared after his alleged embezzlement of most of the bank's funds. People of Ogdensburg and vicinity came to the rescue of this financial institution, increased the capital stock to \$25,000 and put it on a solid basis.

RETURN TO OLD HOME

After a steady grind of six years as foreman of concrete construction work on the Soo line in Minnesota and the Dakotas, Lem Crossman has returned to his home in this city and expects to remain until next spring. During the past season Mr. Crossman constructed 38 culverts of various dimensions down to five feet, the longest being 105 feet. For a few years during the period of the World War it was difficult to get a sufficient crew, but there was no shortage of labor during the past season.

TO MEET IN APPLETON Heads of Legion Posts in State to Be Called Together

Appleton will entertain between seven hundred and one thousand commanders and adjutants of American Legion posts in Wisconsin in February. The second annual convention of commanders and adjutants was voted to that city at a meeting of the state executive committee in Madison last week.

The conference is one of the most important of the year. Officers are given their instructions for the ensuing year and the time is devoted almost entirely to business. Several of the national officers of the legion are expected to attend and it is probable that a speaker of national reputation will be secured to deliver an address.

FRIEDENS CHURCH IS REDEDICATED

Large Congregations Attend Special Services Held on Sunday

Large congregations were present at Friedens Evangelical church at both services on Sunday, when special exercises of rededication were held. The morning services at 10 o'clock was conducted by the pastor, Rev. Walter A. Werth, who delivered an English sermon. A feature of the musical program was violin solo by Wilfried Hetzer.

At 2:15 p. m. Rev. E. Paulowit preached in German and left a very favorable impression among his hearers.

The third event of the day was a concert under the auspices of the Young People's society, when more than two hundred people were entertained for nearly two hours. Those who took part in the excellent program were Rev. M. Paulowit, Miss Parter of Wisconsin Rapids, W. C. Hetzer, Laura Spindler, Hattie Lee, Mrs. F. Leadbetter, J. W. Schindler, Rev. Werth and the church's male quartet and choir. The solo by Rev. Mr. Paulowit and Miss Parter's rendition of "Holy City" were especially pleasing numbers.

ALLEGED FORGER OF CHECKS CAUGHT

Pittsville Youth of 19 Years Taken Into Custody on His Father's Farm

Arthur Houston, 19 years of age, accused of forging and counterfeiting bank checks at Wisconsin Rapids and other towns in this part of the state, has been apprehended. He was arraigned at the Rapids Monday morning, waived preliminary examination and was bound over to circuit court for trial. He will later appear before Judge H. B. Park of this city, for trial. In default of bail the young man was confined in the county jail. Houston was arrested at his father's home near Pittsville Sunday night by Wood county authorities.

It is believed by authorities at Wisconsin Rapids that the arrest of Houston will end the epidemic of worthless checks which have been passed recently in small towns in the vicinity. The youth is said to have confessed to forging a number of checks on an Arpin bank, one of which amounted to \$20.

CLAIM DOCKS ARE TAKING NEW ROUTE

Old Hunters Say Birds in Their Flight Are Avoiding Wisconsin River Valley

Old hunters in this part of the state declare that ducks in their flight from Canada to the southern part of the United States are taking routes this year other than through central Wisconsin. They point out that few birds in flight have been seen or shot along the margins of the Wisconsin river and attribute this in part to the condition they say exists in the hills.

Just what route the ducks are taking is not known, although record hills have been reported in the northwestern part of the state, indicating a flight along the Mississippi and farther west through Minnesota. It is said that every few years ducks appear to avoid the Wisconsin river valley and surrounding territory, and this leaves only the home ducks for the hunter to kill. They soon become wild and bolts are scattered, making shooting poor as a consequence.

Other hunters offer a different theory, contending that it takes freezing weather to drive the ducks southward. They predict that about now will bring a return of old duck shooting, when large flocks of ducks will again be seen in this part of the state.

Stockholders Asked to Rally Plan to Get Money Needed

Notices of a special stockholders' meeting of the Stevens Point Hotel company, Inc., were mailed out today. It will be held at the Parish house on Church street on Monday evening, October 24 at 7:30 o'clock.

The notices state that the meeting is called for the purpose of considering the following questions, propositions and business:

1. Adopting and approving a set of by-laws for the corporation.
2. Authorizing the officers of the corporation to issue bonds not to exceed \$250,000 in amount, secured by mortgage or trust deed agreement on all of the company's property for the purpose of securing the necessary money, with which to construct the company's proposed hotel.

The names of the following are printed below: E. A. Oberweiser, president; F. Leslie Body, secretary; directors—A. M. Coppa, L. D. Kitowski, L. P. Pasternacki, H. A. Vetter. A proxy is also attached to each notice.

In deciding on the plan to ask for issuance of bonds, the directors have found that the stock subscribed for is not sufficient to build the hotel and acquire the site besides. The cost of the site was \$60,000, while the figure on the general contract for the hotel was \$191,384, exclusive of plumbing, heating, wiring, etc.

The directors have received a very favorable offer from responsible parties to put up the balance of the money needed to complete the hotel and the meeting a week from Monday is called to receive authorization on this from the stockholders. While the directors would be empowered to issue bonds up to \$250,000, it does not mean that this amount will be issued without only at the discretion of the stockholders.

SAW MILL CLOSES ITS SEASON'S RUN

Winter Work to be Confined to Clearing Area and Removal of Cut Timber

The sawmill of the John Week Lumber company here completed its season's cut last week Thursday. Operations began early in April and continued without interruption, several million feet of timber, the usual quantity for the season, being cut.

Logging operations of the Week company this winter will be confined to cutting and removing the trees on a section of timber near Moon, Marathon county, which was struck by a cyclone recently, and to the removal of timber cut last winter, but which had to be left in the woods because snow roads melted.

There are several hundred thousand feet of logs still in the woods in the left over from last season's cut, and these will be floated down the Big Eau Poudre and Wisconsin rivers to Stevens Point in the spring.

The Week company will cut no new timber this winter, due to an ample supply of lumber in the local yards, still on hand from the last two seasons. While the demand for lumber here has been brisk, the condition has not been so good elsewhere and the company will have a sufficient quantity on hand without cutting any new timber.

BARRACKS USED FOR FIRST TIME

One Hundred Students Attend Classes There, Following Main Building

The new High school barracks were used by students for the first time Thursday. Teachers' desks have been installed, blackboards have arrived and will be put up in a day or two and chairs for the students were secured from the Parish house and will be used until others ordered by the board of education arrive.

There are four rooms in the barracks and they are well lighted and heated, making the temporary quarters acceptable and not unpleasant. Two of the rooms are used for assembly purposes at the beginning of the morning and afternoon sessions, and all four rooms are used for recitations during the day. Approximately 100 students are being housed in the barracks.

The use of the space provided by the new building greatly relieves the congested condition which has existed in the High school building since the opening of school in September. The barracks will be used throughout the school year.

NEW PHONE NUMBERS PLAN REUNION FOR VETERANS ON OCTOBER 28

Opening of Armory - Stock Pavilion Here to Provide the Occasion

Friday, October 28, the date for the formal opening of the armory-stock sales pavilion here, is to be made the occasion for a reunion of veterans of the Civil, Spanish American and World wars, and for members of the Wisconsin National guard.

Invitations containing the following are being mailed out by Mrs. N. A. Week and Miss E. Moen, members of the invitation committee for the celebration:

"Friday, October 28, the date set for the opening of the new armory and stock pavilion at Stevens Point, will be a celebration day long to be remembered throughout Portage county. Plans are now being matured in detail for a really worth while event which will include all branches of the service, whether military, naval, marine or aviation.

Want Old Time Rally

"It is hoped to gather together in a real old time rally, all service and ex-service men of the Civil war, the Spanish American war and the Great war as well as all members of the Wisconsin National guard. Battle scarred warriors who have borne the burden of many fights will be able to get together again and exchange yarns and reminiscences, and citizens of Stevens Point extend a special invitation to all these men to attend in uniform on that day and join in making this reunion a magnificent success.

"Among those who are expected to attend and take part in the days exercises are Governor Blaine, Adjutant General Holway, Colonel Kuechenmeister, Colonel Williams, Lieutenant Colonel Beveridge, Major Bryant and Chaplain Doward, 120th F. A., W. N. G., as well as batteries of the W. N. G. from several neighboring cities. One of the great features of the occasion will be the military parade, tournament and sham battle to be staged by the united batteries present. The day will be concluded with a military ball, which will rival anything of the kind ever given in the county.

Should Wear Uniforms

"This will be a favorable opportunity for many of the old timers to get together again, and especially for ex-service men to renew acquaintance which has been held in remembrance ever many years of absence. The citizens of Stevens Point want every man who has seen service, no matter when or where, to be in attendance with full uniform and all decorations on this occasion, which will be a happy remembrance for years to come."

MRS. ROBERT ZIMMER EXPIRES SUDDENLY

Illness With Diabetes Fatal to Well Known Resident of This City

The uncertainty of life was again exemplified Thursday by the unexpected passing away of Mrs. Robert Zimmer, wife of a well known Eau Claire engineer, at her home, 914 Center avenue.

Mrs. Zimmer had been a sufferer with diabetes for the past two years, but at no time did her condition seem serious. She was able to continue her household duties and devote time to social and fraternal affairs, in which latter she had long been interested.

About 4 o'clock Wednesday afternoon Mrs. Zimmer was taken with a bad spell and her physician was sent for. She obtained some temporary relief but in the late evening her condition again became serious. She lapsed into unconsciousness and remained in this condition except for a brief interval at 11:15 o'clock.

Metta Phelps was a native of Stevens Point and attended the city and Normal schools. Her birthday was September 12, 1888, thirty-three years and one month ago. Her parents, Mr. and Mrs. A. A. Phelps, were old residents of Stevens Point later moving to Fond du Lac and from there to Beloit.

After her graduation from the Normal in 1907 she taught for five years in the Fond du Lac schools. Eleven years ago the 19th of last July Miss Phelps was married at Beloit to Robert A. Zimmer. Three children were born to them, Raymond, aged nine; Warren, seven years old, and Granville, a boy of three years.

The only other members of her immediate family is one brother, Raymond Phelps, now located at Oshkosh. Mr. Phelps and his wife drove to this city Wednesday night.

Mrs. Zimmer was a member of the Eastern Star, the Royal Neighbors of America and the G. L. A. to the Brotherhood of Locomotive Engineers.

FRANK THORN IS DEAD

Brother-in-Law of Late W. H. Skinner Not Called at Antigo

Frank Thorn, who has visited in Stevens Point on numerous occasions and is quite well known in the city, died at his home in Antigo on Wednesday evening. He was a brother-in-law of the late W. H. Skinner of this city and word of his death was received by members of the Skinner family.

The funeral was held at Antigo on Friday, burial also following there. The late Mr. Thorn was 60 years of age. He operated a large farm and was also in the fern raising business, shipping choice plants to the cities for many years. The nature of his illness and cause of his death were not learned here.

There survive in the immediate family a widow and ten children.

F. W. R. COMPANY GETS GOVERNMENT CONTRACT

Local stockholders of the Fort Wheel Drive company of Chiltonville will be interested in the announcement that the firm has secured a government order for parts which will keep the factory busy during the remainder of the year. The order is for spare parts to be used in repairing the big fleets of the Chiltonville truck which Uncle Sam is using in army and navy work.

RURAL POTATO SHOW

The Second Annual Potato show and community social will be held at the Fountain Grove school in the town of Amherst on Wednesday, October 19. WEALTH IN AFRICA MEASURED IN WIVES

By Comparison Local Pastor Points Out Opportunities Of

Interested Here

"The Opportunities of Portage County Compared With Those of Central Africa" was the subject of an interesting address delivered Sunday evening by Rev. James Blake at the Baptist church before a large audience.

The pastor first pointed out the difference in the mode of travel. It required seven months for the missionary party of which Rev. Mr. Blake was a member to travel 800 miles up the Congo river to its destination. Hammocks were used to carry the people, tents and provisions, and for 250 miles walking was necessary. The railway train and automobile were referred to in pointing out how traveling is done in Portage county and Mr. Blake at this point in his address showed the importance of modern machinery.

The excellent system of doctors, hospitals and nurses compared with the witch doctors of the Congo was the next comparison drawn by the speaker. He described the fearful deception of the witch doctors, showing its amusing features and how it has no relation to medical science.

The modern system of currency, banks and safety deposit boxes was compared with methods employed in Central Africa. Brass rods are the medium of exchange in the Congo, and for safe keeping are kept in water or buried in the earth.

Rev. Mr. Blake then explained that the wealth of men in Africa is rated by the number of wives they have and declared that the problem of riches there causes as much dissatisfaction as here, because wherever there is human nature some are more capable of acquiring wealth than others. The African wives are purchased and represent the financial rating of the purchaser.

In concluding his address the pastor

COLUMBUS DAY BANQUET DRAWS CROWD OF 200

Knight of Columbus Party Proves an Entire Success

The banquet and dancing party given at the Parish House Wednesday evening under the auspices of fourth degree members, Knights of Columbus, proved to be a success in every respect, a substantial meal being served and a young lady students of the Normal domestic science department, the program which followed was entirely satisfactory and the dancing feature was enjoyed by nearly everyone of the two hundred people who congregated there.

The large hall was profusely decorated with autumn foliage and the always handsome American flag, fifteen large flags being suspended from the ceiling or draped along the walls. Innumerable smaller ones help to beautify the banquet tables.

Three Course Meal
A three course meal, prepared by Mrs. Hannah Kutella, local caterer, was served shortly after the announcement of 6:30 o'clock. When all had partaken of the substantial repast, several numbers on the program were announced by J. R. Paffner, a knight of the local council, who presided as toastmaster.

The evening's speaker, Hon. John F. McCarthy, of La Crosse, delivered a learned and eloquent address in which he traced the life story of Christopher Columbus, in whose honor October 12 is celebrated. The latter part of Mr. McCarthy's talk was devoted to a recitation of the charge that members of the Catholic church are disloyal to their country.

Musical Program
A piano duet by Misses Rose Marshall and Dorothy Peickert and vocal solos by Miss Eleanor Van Hecke were highly enjoyable musical features. Nearly everyone joined in singing the songs of "America" and "The Star-Spangled Banner."

Weber's orchestra, which furnished music during the banquet, also played for the dance numbers until midnight.

MESSAGE MIGHT HAVE SAVED BUT COMES TOO LATE

Milwaukee Woman Knows of Physician Who Cured Her of Purpura

Thursday morning, less than 24 hours after the death of his wife with purpura, a disease of which very few physicians have knowledge, William Hopkins, Whiting, received a telegram, which, had it arrived but a few days earlier, might have been the means of saving a life.

Publication in the Journal of her illness resulted in the telegram which Mr. Hopkins received.

The message bears the name of a Milwaukee woman and tells of a Milwaukee physician who has knowledge of the disease and had cured her after she had been afflicted for four months with the malady.

The Telegram

The following is the telegram: "Law announcement in paper regarding wife's illness. Had been ill for four months with same affliction. Called purpura hemorrhagica. Dr. A. Bernhardt, Milwaukee, is one physician who knows of disease due to catching a case in Germany while studying there. He cured me. Will gladly give any information needed." Signed, "MRS. CLARA N. FIERMAN, 75 North Ave., Milwaukee, Wis." The Milwaukee woman who has been completely cured. The Hopkins said he did not know of the disease and it was evident from the telegram that it was a case of purpura hemorrhagica. He was a newspaper reporter. He was cured, thanking her for her information and informing her that he would be glad to see her.

Born in Vermont

Mrs. Hopkins, who was born in Vermont, was the daughter of Mr. and Mrs. George L. Wilcox. She was married at Burlington, Vermont, to Mr. William Hopkins. She was a member of the Episcopal church and was a devoted wife and mother. She was a member of the Episcopal church and was a devoted wife and mother. She was a member of the Episcopal church and was a devoted wife and mother.

There survive, besides the young son, William, aged 11

The funeral was held Tuesday evening at 8 o'clock at the Parish House at Whiting. Rev. Charles S. Pier officiated and a large number of friends were present.

PRAIRIE CHICKENS PICK BUGS

Walter Shelburn, who is a hunter as well as farmer, likes the law that allows a closed season for prairie chickens in Portage county. Mr. Shelburn didn't have to fight prairie bugs this year. The prairie chickens kept him clean out.

OBITUARY

Mrs. Elizabeth Harvey

Rev. James Blake of the Baptist church officiated at the funeral of the late Mrs. Elizabeth Tibbets Harvey at Wausau Friday afternoon at 2 o'clock. The remains were buried in Pine Grove cemetery at Wausau.

Mrs. Harvey was an early day resident of Portage and Marathon counties and is well known by many local people. She is related by marriage to several local families. Mrs. Harvey was born in Maine 81 years ago. With her husband, Newton Harvey, she came to Portage county about 50 years ago.

Mr. Harvey was head sawyer in the Wallace and Redford mill at Knowlton in early days. When her husband passed away 15 years ago, Mrs. Harvey went to Wausau to reside with her only remaining daughter, Mrs. T. L. Martin.

Mr. and Mrs. B. L. Vaughn, George Vaughn, Mrs. Charles Cartmill and F. A. Martin attended the funeral.

John M. Matteson

The remains of the late John M. Matteson, 1009 Main street, were laid to rest in Forest cemetery Wednesday afternoon, following services conducted by Rev. James Blake at the home at one o'clock. The pallbearers were: Tom Porter, Paul Husin, Howard Cushman, William Kikland, Chris Gardner and Leslie Strong.

Mrs. Josephine Aron

Mrs. Josephine Aron, an aged resident of the town of Carson, died at the home of a son, John, Wednesday afternoon at 4:20. Her death was the result of infirmities due to old age.

Mrs. Aron was born in German-Poland and had been a resident of Portage county for more than 40 years. She spent all of that time on the Aron farm in Carson.

The funeral was held Saturday morning at 9 o'clock at St. Bartholomew's church at Mill Creek. Rev. S. Lapinski officiating and burial following in the parish cemetery.

Louis Young

Louis Young, aged 82, former resident of Portage county, died at his home at Wisconsin Rapids this morning of infirmities of old age. The funeral was held from the home at the Rapids on Monday.

Mr. Young was a brother of the late A. H. Young of Almond and Abbotford. O. A. Young of this city is a nephew, and he has a number of other relatives throughout the town of Almond.

Mrs. Hopkins' Funeral

Funeral services for Mrs. William C. Hopkins, who died at the family home near the plant of the Whiting-Plover Paper company Wednesday afternoon, were conducted at the residence at 8 o'clock Thursday evening by Rev. Charles Sumner Pier of the Presbyterian church of this city. Rev. Mr. Pier gave a brief eulogy of the deceased, in which he emphasized the devotion of Mrs. Hopkins to her home and family and the active part she took in the Presbyterian church, of which she was a member. The body was placed on board an early morning Soo line train for shipment to Holyoke, Mass., the old home of the family, for burial. Accompanying it were Mr. Hopkins and son, William, Jr.

Miss Anna Peterson

Anna Louise Peterson, daughter of Carl O. Peterson, 614 Michigan avenue, died at the family home Friday evening at 9:30 o'clock. She had been a sufferer with tuberculosis for three years.

Miss Peterson was born at Chippewa Falls 24 years ago the 14th of last August and grew to young womanhood there. Her mother died when Anna was a small child. While employed as a nurse at Fargo, N. D., in 1918 he had an attack of influenza which weakened her lungs that tuberculosis developed. Every possible method was undertaken to effect a cure but the disease soon became so deep-seated that no permanent relief could be obtained.

Her father and stepmother, Charles Peterson and Mrs. E. E. Peterson, who were taken to the hospital at the time of her death, were taken to the hospital at the time of her death.

Mrs. George L. Wilcox, widow of the late George L. Wilcox, died at the home of her son, John, at Whiting, Wednesday morning at 10 o'clock. The remains were taken to Holyoke for burial.

Mrs. George L. Wilcox

Mrs. George L. Wilcox, widow of the late George L. Wilcox, died at the home of her son, John, at Whiting, Wednesday morning at 10 o'clock. The remains were taken to Holyoke for burial.

December 29, 1840, and at the time of her death was nearly 81 years old. She was married at Plover to George L. Wilcox and she had been an almost continuous resident of that village since 1852, or a period of 69 years.

Mr. and Mrs. Wilcox were the parents of two children, Mrs. M. F. Pierce who died in 1893, and Fred Wilcox, whose death occurred six years ago. George Wilcox passed away in 1910.

Mrs. Wilcox had been more or less of an invalid for several years, suffering with stomach trouble, and for three months was confined to her bed. In August she was taken to the home of a grandson, Wilcox J. Pierce, at Cadott, where she was given every care and attention. The passing of this pioneer will be read with regret by many old friends throughout the county.

Mr. and Mrs. Frank Pierce of Medford, Wilcox G. Pierce of Stanley and A. C. Wilcox of Chicago arrived here Tuesday and drove to Plover to attend the funeral of the late Mrs. Geo. L. Wilcox. Mrs. W. G. Pierce and M. F. Pierce came from Stanley Monday. Burial took place in Plover cemetery just before noon Tuesday, following services by Rev. E. Leuenberg, pastor of the Plover M. E. church.

Little Child Dies

Regina Mocadlo, 13-day-old daughter of Mrs. and Mrs. John Mocadlo, of the town of Hull, died this morning at 4 o'clock at the home of her parents. The funeral will be held Tuesday afternoon at 1 o'clock at St. Stanislaus' church. Rev. A. Malkowski officiating and burial following in Guardian Angels' cemetery.

Funeral of Mrs. Robert Zimmer

The funeral of the late Mrs. Robert Zimmer, 914 Center avenue, was held Sunday afternoon at 2:30 o'clock church. Rev. R. A. Barnes officiated and burial followed in Forest cemetery. The funeral was largely attended. The pallbearers were: William Holman, Otto Meitzel, George Kingland, Robert Broten, Ed Johnson and Walter Johnson.

William Williams' Funeral

The remains of the late William Williams of Knowlton were laid to rest in the cemetery at Knowlton at 2:30 o'clock Saturday afternoon following services at the Knowlton church by Rev. James Blake of this city. The pallbearers were: Otto Neuman, Ellis Merrill, A. A. Miller, M. J. Mersch, John Ray and H. Gussell.

Louis Young's Funeral

A large number of relatives from this city, Almond and Wausau attended the funeral of the late Louis Young at Wisconsin Rapids, which was held Monday afternoon. After a prayer at the house the body was taken to the Methodist Episcopal church where services were held. Members of the G. A. R., the Woman's Relief Corps, and the American Legion acted as escort and took charge of the services at the grave. A squad of the American Legion fired a salute and the bugler blew taps. The funeral was largely attended and the floral offerings were of unusual beauty.

Four sons, Edward, George, Ernest and William and two sons-in-law, V. P. Norton and S. Rawson, acted as pallbearers. Mr. Young was born in Wernshausen in Saxony, Germany, on May 20, 1839, and came to America with his parents, three brothers and one sister, at the age of 18, in the year 1857. They settled on a farm in Waukesha county where they lived a short time, when Mr. Young's father bought a farm near Almond, Portage county. The country was then only a wilderness.

On December 3, 1862, he was married to Helen Grimm of Almond and they settled on a farm near his parents. In the fall of 1863 he enlisted at Stevens Point in Co. B, 14th regt., his wife and infant son, Frederick remaining on the farm during his absence of 23 months. He was sent to Vicksburg, Miss., and was under the command of Gen. W. T. Sherman. He fought in the battles of Big Shanty, Kennesaw Mountain, Chattahoochee river, Peach Tree creek, Atlanta, Jonesboro, Spring Hill, Franklin, Nashville. At the close of the war he was honorably discharged at Mobile, Ala. He then returned to his farm which his wife had tilled during his absence. They remained on this farm for 30 years.

Fourteen children were born to Mr. and Mrs. Young, seven of whom are still living. They are Fred C. Young, Milwaukee; George L. of Seattle, Wash.; Mrs. V. P. Norton of Wisconsin Rapids; Edward T. Young of Wisconsin Rapids; Ernest H. of Chicago; William A. of Wisconsin Rapids; and Mrs. Alfred Hanson of Portland, Oregon, all of whom were at the bedside of their father when he passed away.

In the fall of 1895, Mr. Young moved his family to Wisconsin Rapids where he died October 14. He leaves to mourn his death besides his seven children, his wife, one brother and three sisters.

Morris C. Young of Rockford, Ill., the only surviving brother, was present at the funeral, also his sisters, Mrs. Emma Horton and Mrs. Louisa Schleicher of Almond. One sister, Mrs. Hannah Mihus of Colorado, was unable to come.

Mr. Young was an active member of Wood county Post No. 22 of the G. A. R. and was always interested in all patriotic work.

VETERAN CONDUCTOR DIES IN GREEN BAY

Infection Following Removal of Tooth Proves Fatal to Richard Witherel

Richard ("Dick") Witherel, a veteran conductor on the Green Bay and Western and for many years in charge of passenger trains No. 1 and 2 between Green Bay and Winona, died very unexpectedly during the noon hour Monday. Mr. Witherel, whose home was in Green Bay, had a "wisdom" tooth removed last week, resulting in a copious flow of blood which continued for many hours. An infection of his jaw then followed and in a short time his entire system seemed to be poisoned. Mr. Witherel had been in the employ of the G. B. & W. for over 40 years and was personally known to nearly every patron of the system. He leaves his widow and five married daughters. A brother, Dell Witherel, lives at Wisconsin Rapids.

Funeral Saturday

ASSESSMENT OF COUNTY GOES UP FOUR MILLIONS

New Valuation of Taxable Property Is 14.55 Per Cent Increase

The assessment of all real and personal property in Portage county has been announced by the state tax commission as \$36,346,210.

This is an increase of \$4,619,436 over the assessment of the county in 1920, which was \$31,726,774, or a 14.55 per cent increase.

Included in the assessment of the county is the new city assessment of \$9,435,867 which was an increase of \$2,012,634 over the 1920 assessment of the city, \$7,423,233.

More Taxes

The increase in the total assessment of the county will probably mean an increase in the total amount of taxes collected in the county by \$125,000. The average tax in the county is slightly below three per cent.

As the county board has not yet met to fix the tax levy in both city and county, the exact figures cannot be given. The board meets for the first time on November 1.

The assessment against the general property of the state shows an increase of \$24,041,432, or fifty-three one hundredths of one per cent over 1920. Real estate increased in value \$104,278,240, but the assessment of personal property decreased \$80,237,308.

State Assessment

All taxable property of the state is estimated at \$4,594,739,962 for taxing purposes by the commission, in comparison to \$4,570,698,530 in 1920. But this is but a small comparative increase in the real estate property values in comparison to former years when increases in valuation of hundreds of millions of dollars were common.

The decrease in the value of personal property is attributed by the tax commission as primarily due to the greatly reduced price of livestock and merchants' and manufacturers' goods.

Counties Lead

Railroad and other corporation taxes are based on the rate of general property assessment which will be practically the same this year as last. Milwaukee, Dane, Racine, Rock and Sheboygan counties showed the greatest property values.

The state assessment by counties follows:

County Assessments

Adams, \$12,008,964; Ashland, \$27,123,054.
Barron, \$53,735,562; Bayfield, \$29,878,175; Brown, \$90,982,049; Buffalo, \$31,171,266; Burnett, \$14,550,611.

NEW HOMES GOING UP

Stevens Point Men Build Residences in Roslyn Park Addition

Anton Wroblewski, whose home is at 435 Washington avenue, has bought a lot in the Roslyn Park addition, at the corner of Alcona street and Wisconsin avenue. He is now erecting a one story five room cottage on the property and expects to complete it by Dec. 15.

The basement walls are of sandstone and the upright will be of frame construction. Ground dimensions of the new structure are 22x28. Mr. Wroblewski will rent or sell the place.

Diagonally across from this new building is a larger house now under construction for George Becker, driver of the Palace bakery wagon. It covers ground space of 24x24 feet and will contain eight rooms.

Seven Women Drawn For Jury Service In Waupaca County

Seven women have just been drawn for circuit court jury service in Waupaca county, it has been learned by Judge Byron B. Park of this city.

This is the first time that any women have been drawn for jury service in the Seventh Judicial circuit, which includes the counties of Portage, Waupaca, Waushara and Wood.

The fall term of circuit court for Waupaca county opens in Waupaca on the first Monday in November. It is not known at this time whether the seven women drawn will be willing to serve or whether any or all of them will ask to be excused.

FIGHTERS OF FIRE GET PAY FOR WORK

Bill for \$299.40 in Wages For Men Employed in Pine Grove Presented to County

A bill for \$299.40 covering one-half the amount of wages paid to fire fighters who worked in checking the spread of a marsh fire in the town of Pine Grove in the Buena Vista drainage district, was received by County Treasurer Earl Newby Thursday.

The total amount of the bill is \$598.80. Under the law the state pays one-half of the amount, and the county in which the fire has occurred pays the other half.

This is the first time within the recollection of County Treasurer Newby that such a bill has been presented to him. Although the law has been in the statute books for years, few people had knowledge of it and none have taken action under the law, since he has been in office.

The state law provides that in fighting fires fire wardens may be paid a wage not to exceed \$3.50 a day, and all other helpers not more than 30 cents per hour.

Twenty-four men were employed in fighting the fire in the town of Pine Grove. With the exception of one man with a team, all received a wage of 20 cents an hour. The man with the team was paid 60 cents an hour.

Many hours were put in by many of the men who were employed in fighting the fire. The highest number of hours which any man put in was registered by H. Skee, who worked 280 hours. Others put in as many as 250 and 210 hours.

WISCONSIN THIRD IN PULPWOOD USE

Badger Mills Consume Nearly Million Cords Every Calendar Year

Paper manufacturers and other users of pulpwood in this vicinity will be interested in the New York report that 45 Wisconsin mills in 1920 consumed 964,781 cords of pulpwood at a cost of \$14,102,346. The total consumption in the United States was 6,114,172 cords, valued at \$116,495,720, and Wisconsin ranks third in both the quantity and value of the wood consumed.

The detailed figures for Wisconsin show that only four out of the 15 states which use pulpwood in large quantities were able to obtain the wood at a lower cost per cord, and that is in part due to the manner in which Wisconsin is utilizing wood not readily available in other states, hemlock particularly. Hemlock comprised nearly half of the total raw material used and domestic spruce was used to a total of 280,457 cords, with only 27,594 cords imported.

Special attention is paid in the report to the Wisconsin use at low expense of local instead of imported woods. Wisconsin, however, other reports show, is paying far less attention to its future supply by planting trees than are eastern states where the value of the tree has been bitterly learned through the dependence upon imported wood to supply local needs.

PAY INHERITANCE TAX

Schedule of Estate of Mrs. Thora Valnes Is at \$10,198.75

An inheritance tax of \$32.46 was paid by the heirs of the estate of the late Mrs. Fannie M. Thora Valnes at the office of County Treasurer Earl Newby.

The net market or taxable value of the estate of the late Mrs. Thora Valnes was \$10,198.75, according to a schedule of the estate on file at the court house. The estate was divided among the heirs as follows: to Milton Thora, a son, \$3,246.25; to Mrs. Luelja Newby, a daughter, \$1,650.81; to Mrs. Mary Myers, a daughter, \$1,650.81; to Mrs. Edna Roberts, a daughter, \$1,650.81.

CHANGE IS MADE IN MANAGEMENT OF COUNTY BANK

Nelsonville Institution Reorganized with Many New Stockholders

A reorganization of the State Bank of Nelsonville was effected at a meeting held last week, when the following officers and directors were elected:

President—Theo. H. Johnson.
Vice president—Marlin E. Moe.
Cashier, T. N. Halvorson.

Directors—Theo. H. Johnson, Marlin E. Moe, Charles Sorbye, Odlin Christianson, Roman Zblewski.

T. N. Halvorson the new cashier, comes from the Bank of Ettrick at Ettrick, Wis. He has had several years of valuable banking experience and is highly recommended by the state banking department. He succeeds L. H. Johnson, who has disposed of his interest in the bank and retires to engage in other business.

The reorganization of the bank includes the addition of many new stockholders, all men of prominence in Nelsonville and the town of Amherst. The present stockholders are: Theo. H. Johnson, Nels J. Loberg, Martin E. Moe, Albert Anderson, John L. Loberg, Carl J. Loberg, Odlin Christianson, H. Raasch, Julius Loberg, John W. Loberg, Charles Sorbye, Almer J. Loberg, Carl E. Jacobson, Roman Zblewski, L. E. Gordon, Jr., and T. N. Halvorson.

The State Bank of Nelsonville was organized in 1903 and from that time until his death about four years later Hans Johnson served as its president. Theo. H. Johnson, the present president of the institution, and a son of Hans Johnson, succeeded his father and has served in that capacity ever since.

The capital of the Nelsonville bank is \$10,000 and its total footings amount to more than \$200,000. It serves a prosperous section of Portage county and has excellent prospects for future development.

GROELLE INSTALLED BY MANDAMUS WRIT

Former Stevens Pointier Figures in Another Sensational Affair

Fred F. Groelle, formerly Stevens Pointier, is again in the limelight in Milwaukee.

Groelle was elected foreman of Milwaukee homestead No. 5,605, Brotherhood of American Yeomen, on September 15. Opponents of his election refused to turn over the office and records to him. Then Groelle got a writ of alternative mandamus against Edward P. Boehm, W. F. Hobart and M. J. Clarke, officers of the homestead, compelling them to have him installed as foreman and to surrender the books.

According to returns on the writ made Saturday by Boehm and Hobart it is stated that Groelle was duly installed and the books handed over on stipulation that they be audited before Oct. 22.

GOOD TIMES COMING

Head of Progressive Business Club Holds Out Promise

Modesto, Cal., Oct. 14—Promise of "stability, confidence and progress" in business for the incoming year was held out today at the opening session of the national convention of the Progressive Business club by Roy B. Maxey, the national president.

In the keynote speech, Maxey declared the United States has "met the reconstruction staunchly and fearlessly."

"We are confronted by an unprecedented situation," he said, "and in a truly American manner are coping with and mastering that situation. The incoming year will bring stability, confidence and progress, the insurers of peace, plenty and happiness. The Progressive Business club will continue to perform its duty to America and humanity by assisting in the accomplishment of this object."

Purpose of the club to expand and take in every eastern state was announced. Maxey, whose home is here, announced the purpose of the club as altruistic, with friendship as its basis and with its purpose that of civic and community upbuilding.

KOWALSKI CASE ADJOURNED ON PETITION OF CARPENTER

The case against Thomas Kowalski of Polonia, charged with violation of the bulk sales act, scheduled to have been heard in County Judge W. F. Owen's court this morning, was adjourned to October 21 on petition of District Attorney Byron J. Carpenter. Mr. Kowalski is alleged to have concealed the amount of indebtedness when he sold a store which he operated at Polonia to Sylvester Milanowski.

CONVENTION CLOSES

E. G. Doudna Returned as Member of Executive Committee

Supt. E. G. Doudna of Wisconsin Rapids received a majority of votes for member of the executive committee of the Central Wisconsin Teachers' association at the Wausau convention, and therefore remains for another five years. S. B. Tobey of Wausau becomes chairman of the committee for the ensuing year.

The attendance was all and more than anticipated, including superintendents, principals and teachers from nearly every section of the district, and many sisters, connected with parochial schools at Wausau and elsewhere. A large delegation from Stevens Point was in attendance.

President John S. Sims, one of the speakers, explained the plans for the reorganization of the National Educational association, of its adoption of a representative plan which makes it democratic and told of the value of the work done in securing needed legislation and working for a department of education which would have a member in the president's cabinet. He also told of efforts to secure congressional appropriations, on the theory that wealth should be taxed for the education of children, and that the federal government should undertake this and not leave it to the states.

GREEN BAY MASONS CONFER DEGREE HERE

Banquet and Meeting in Stevens Point Saturday Night Largely Attended

Saturday, Oct. 15, has gone down as a "red letter day" for Evergreen lodge No. 93, F. & A. M. of Stevens Point. The occasion was a visit from more than 60 officers and members of Roosevelt lodge No. 322 of Green Bay.

The visiting degree team conferred the third degree at a special communication of the local body in the evening, following a chicken pie dinner at 7 o'clock in the dining room of the Masonic temple. Nearly 200 Masons attended the affair, including delegations from Wausau and other cities of the state.

A feature of the affair was the performance of a Green Bay male quartet which was included in the delegation from that city. The membership of the quartet is H. O. Numan, O. C. Streubel, J. J. Collignon and C. W. Bodilly with Mr. Numan as leader and the men sang during the ritualistic work of the order and also entertained at a program which followed the lodge meeting.

The program, given at a luncheon which closed the evening's festivities, also included talks by F. L. Blood, worshipful master of the Green Bay lodge F. C. Boyce, master of the lodge at Wausau; Mr. Rowle of Wausau, grand steward of the grand lodge, and W. J. Shumway of this city. T. S. Murrish, master of Evergreen lodge of Stevens Point, presided as toastmaster.

While in the city the Green Bay delegation was entertained in homes of Stevens Point Masons. A few left for Green Bay Saturday night but most of them remained here over Sunday.

AWARD CONTRACT FOR FILLING STATION HERE

Standard Oil Company to Erect Structure at Clark and Church Streets

B. V. Martin has been given the contract to erect a filling station for the Standard Oil company on its lot at the corner of Clark and Church streets. The new structure will be in keeping with the best to be seen in any of the large cities.

The station will be erected of red brick with black mortar pointing, topped by a green roof with white trimmings. It will be approached by two 12-foot driveways extending onto both streets. To the rear will be erected an office 12x20 feet, also of brick construction. Four large lighting posts will be placed at the end of the driveways.

This large tract of ground, on which formerly stood the Prentice and Conkisk homesteads, contains a number of large oak trees, only one of which will be sacrificed for the improvement. Mr. Martin expects to complete the work the latter part of November.

GOES TO WASHINGTON TO ATTEND CONVENTION

Mr. and Mrs. F. E. Poll of Almond went to Aurora, Ill., recently to spend a day with relatives and then joined a delegation enroute to Washington, D. C., to attend the National Postmasters' convention.

Mr. Poll is president of the Wisconsin Postmasters' association and went to Washington as delegate from Wisconsin.

OBERST GIVEN CAPTAINCY OF COMBAT TRAIN

Assignment to Be Made as Soon as Unit Gets Federal Recognition

First Lieutenant Arthur Oberst of Battery B has been commissioned captain of the combat train, 120th Field Artillery, now being organized here, and will be assigned as commander of the battalion headquarters detachment and combat train as soon as the unit is presented for federal recognition.

Ferdinand Hirzy, junior first lieutenant of Battery B of Stevens Point, is automatically promoted to senior first lieutenant to fill the vacancy which will be caused by Mr. Oberst's transfer. Recommendations have gone in to Orlando Holway, the adjutant general at Madison, for the advancement of Second Lieutenant Fred Knope to the rank of junior first lieutenant to take Mr. Hirzy's place.

The new second lieutenant in Battery B has not yet been named. A mental examination for promotion in the battery and to fill the second lieutenantcy was held on Tuesday evening and was taken by 28 men. The papers have been corrected and it was found that most of those taking the examination made excellent marks.

The announcement that Mr. Oberst has been commissioned captain of the combat train will meet with the general approval of all in the unit. Captain Oberst served as a sergeant in Battery E during the war. As a first lieutenant in Battery B he has taken much interest in the work and is deserving of the promotion which came to him. He will take over the duties of the captaincy as soon as the combat train is organized.

BUSINESS IN RUSSIA

Methods Have Been Greatly Changed Under Bolsheviki

By JOHN GRAUDENZ, (United Press Staff Correspondent)

Moscow (by mail)—Production in Russia has been increased more than 60 per cent by introduction of the "collective payok," a new system which fixes a certain number of individual food rations for piece work, according to the newspaper Pravda.

This system also has reduced the number of workmen necessary for a specific job by 30 per cent, it was said. An example of how it operates would be to offer ten payoks for a certain kind of machine. These payoks would be given perhaps to five workmen, if they completed the same amount of work in an equal time.

The shortage of food and other commodities has developed the bargaining spirit among the Russian people to an unusual degree.

"Skolo?" (How much is it?) is a constant query at the Smolensky market, where there is on display about every known article from the most valuable jewelry to the cheapest tinware—new linen, second-hand clothing, silver coins, sewing machines, shoes, perfumes, religious shrines.

In addition to the regular stalls, there are hundreds of persons standing in seemingly unending lines, offering all kinds of goods. These are citizens selling their last personal property or padding property for others.

"You don't need binoculars for seeing all the troubles in Russia," said one woman of whom the correspondent bought a pair of gloves for 50,000 rubles.

"There is nothing but poverty, despite the seeming business going on. Articles are only changing hands. Those who buy today probably will be forced to resell tomorrow. My family owned a big mansion before the revolution. Now we are compelled to sit in the open streets and sell all our things. When they are gone I don't know what will become of us."

The visitor learns quickly that whenever an article seems priced beyond its value, the thing to do is to turn away, saying "Dorogo" (too much). When the vendor calls you back, finally give him about 60 to 75 per cent of the price originally asked.

General offices of the former Wisconsin and Northern railroad in Appleton have been closed and the records moved to Chicago. The Soo line has now taken full charge of the road.

HOLSTEIN SALE IS PLANNED

Wausau, Oct. 14—The Marathon County Holstein Breeders association members are grooming their cows for the annual sale which is to be held here October 27 in the new stock pavilion. Guernsey breeders will hold their sale in the pavilion in the spring.

KILL INSURED WIVES

Devious Methods Employed by Japs to Cope With Hard Times

Tokyo (By mail to United Press)—During this period of hard times in Japan many devious methods are being resorted to for the purpose of obtaining money, and among those who are suffering the most are life insurance companies, a host of various insurance frauds being brought to light recently.

There have been several cases in which men insured their wives, poisoned them, married new ones, poisoned them also and so, ad libitum. The extreme looseness of Japanese marriage bonds makes this process very easy, and it seems to be becoming popular, except possibly with the wives. A few days ago such a "bluebeard" was arrested in Nagoya, just as he was collecting the premium on his fourth heavily insured wife.

A still more novel scheme is that practiced in northern Japan. Here the villagers have used insurance companies in order to obtain funds for village improvements. When a villager was about to die, they would give some lousy lad the dying man's papers and have him insured in the dying man's name, and then gladly furnish the necessary evidence to complete the fraud.

CANCER DEATH TOLL REACHES HIGH MARK

Estimated There Will be 2,300 Deaths in Wisconsin in 1921 From This Disease

Madison, Wis., Oct. 12—Twenty-three hundred deaths from cancer will be recorded in Wisconsin during 1921, according to an estimate during by the state board of health. "This means," says a statement of the board, "that a large number of useful citizens will be removed from our midst by a malady which is primarily curable."

"Cancer of the stomach and liver will be charged with approximately one-half of the deaths recorded during this period," continues the statement of the board. "Moreover, males and females will be equally affected. An additional one-fourth of the deaths from cancer will occur among women."

VIOLATE GAME LAWS

Two Young Men Found Guilty of Having Trout in Possession

John Zalonski and August Clements were found guilty in Justice G. L. Park's court of fishing and having trout in their possession out of season. A charge of the same nature against John Clements was dismissed. The complaint was made by Conservation Warden O. A. Auby.

Both the young men found guilty were fined \$50 and costs, but on condition that one fine and the costs of the action against the three be paid, one of the fines was suspended.

It is alleged that the pair found guilty caught the trout which they had in their possession with a mackinaw which they dipped into the stream after an unsuccessful hunting trip for ducks on the Little Wolf river.

CARL SWENDSON OF EAST AMHERST DEAD

Aged and Respected Resident of That Locality Passes Away at 81 Years

Amherst, Wis., Oct. 18.—The death of Carl Swendson, one of east Amherst's most respected residents, occurred at the old Swendson homestead last Wednesday afternoon after a brief illness. Mr. Swendson was 81 years of age September 25 and had enjoyed remarkably good health. He leaves to mourn his taking away one son, John, who resides at the old home, and two daughters, Mrs. Charles Day of Holland, N. Y., and Mrs. Andrew Mjeld, of Northland. Mrs. Swendson passed away a year ago. The funeral was held Sunday afternoon at the Norwegian Lutheran church, Rev. Jorgensen officiating. The pall bearers were Andrew Berburg, L. W. Louison, Carl Louison, Nels Erickson, Chris Halvorson and Albert Gilbertson, neighbors and old friends of the deceased. Burial followed in Oak Grove cemetery. The funeral was attended by a large gathering of people, testifying to the high esteem with which the deceased was held.

Mr. Patterson Ill

Prin. P. P. Patterson has been suffering from a severe attack of pneumonia the past week, and it is doubtful if he will be able to take up his classes when school convenes Monday morning after a two weeks' potato vacation. He is reported to be rapidly recovering however.

PEOPLE AT DANCY SEE ROAD CHANGE

Highway 73 to Take New Route and Eliminate Dangerous Curves, Belief

Dancy, Wis., Oct. 18.—J. H. Voight, county highway commissioner, with the road and bridge committee, was in Dancy the past week, and the way it looks now, highway 73 leading from the railroad right-of-way south to Dancy will be located through Dancy on the east side of the railroad right-of-way instead of the west side as it now is, thereby eliminating two dangerous crossings, instead of being swung down around the river, leaving as sitting out in the cold. Parties owning the right of way are very liberal, and in some instances same is being donated.

To Attend Graduation

Mrs. Knoller will meet with the Marathon City ladies at the home of Dr. and Mrs. A. F. Harter next Wednesday, and a few days later in company with her niece, Miss Irene Kronenwetter, will go to Milwaukee for a few days to visit with Miss Evelyn L. Knoller and brother, George, and will reach Rockford, Ill., the 27th to be present at the graduation of Miss Lola M. Knoller from St. Anthony's hospital, and will return via Madison, to see Coniff Knoller, who is a student at State university and while there will visit at the home of Mrs. Nellie Kodzie Jones.

Enjoy the Weather

All are enjoying the pleasant fall weather, and the many beautiful colorings in the woods, make a picture pretty for anyone to look at. When it comes to doing things, Mother Nature has them all beat.

Cypress in Bank

Invitations were recently received here for the opening of the handsome new First National bank, at Wisconsin Rapids. Michael Cypress, who married a Dancy young lady, Miss Grace Marshall, is the assistant cashier, having previously worked in the Bank of Grand Rapids. Mr. Cypress is a rapidly rising young banker, and is one of the officials of the state organization of bankers.

Mission Is Held

The past week a mission was held at St. Frances Catholic church at Kauwilton, and was largely attended by people for many miles around. The missionary was a Dominican father of wonderful oratorical ability. He had recently returned from Rome, where he was given an audience with Pope Benedict. His sermons were very interesting, and he told many of his experiences in his many travels during the twenty years he has been a missionary. Rev. J. Symczek, the pastor at Kauwilton, deserves much credit in giving his people an opportunity to hear so learned a man.

Look for Stolen Car

A W. Breitenstein, and Dr. R. Dean of St. Paul, who own and operate one of the largest mercantile establishments in St. Paul, were Dancy callers Friday. The men were trying to locate a new Ford car that had been stolen from their place of business the day before.

Olsen Buys Land

That real estate is moving through this section there is no doubt. A few days ago Ralph Olsen of Stevens Point purchased the Charles Heath farm, also Joe Domski's, Emil Koss, and part of the L. Breitenstein farm, paying for all very good prices. This gives Mr. Olsen all of the land adjoining the west side of the railroad track from Dancy north to the railroad bridge.
